### President Eisenhower OKs Code For POW's

(Text of Executive Order and Code on  
Page 1511)

A coordinated program designed to teach all servicemen the principles embodied in the new Code of Conduct for Prisoners of War will begin just as soon as directives which are now in the mail reach the field.

The new Code, made official by President Eisenhower's Executive Order of 17 August, is the result of a two-month study made by members of Secretary Wilson's Advisory Committee on Prisoners of War.

The Committee unanimously agreed that the Military Services institute a double-barreled training program. First, the report states, general training should be begun. This part of the program will consist of motivational and informational training conducted throughout the career of all servicemen during active and reserve duty.

Secondly, the Services will initiate specific training designed and applied to combat-ready troops. The Committee report specifies that the training be uni-

### May Need More Than 137 Wings - AF Cofs

SAN FRANCISCO, CALIF.

A suggestion that the Air Force, now within 13 of its 137-wing goal, may make a budget bid for additional planes and men was laid before the Air Force Association convention here last week by General Nathan F. Twining, USAF Chief of Staff.

Following disclosure this Spring and Summer of Soviet airpower advances, speculation has heightened steadily that the Air Force will seek an upward revision in its expansion program.

Significantly, General Twining told the AFA conclave:

"Last year when I discussed Soviet air strength, and the knowledge we had of it at that time, I said that the Air Force we are building was planned on the basis of present rather than future Soviet strength.

"I warned that if the Soviet Air Force

### Meet MedCare Problem "In Decent Way"

AIR Force Assistant Secretary Roger Lewis, speaking with Defense Department approval, has conceded that the U. S. Government has failed to date to meet the problem of military family medical care "in a decent way."

In an address climaxing the ninth annual Air Force Association convention in San Francisco, Mr. Lewis said, on 13 Aug.:

"An airman whose wife or child is ill and who can't get adequate medical care for them is an ineffective airman. We have got to find a means to meet this problem in a decent way. To date we have not done so.

"It is not enough merely to mouth phrases such as 'medical care for dependents will be provided when facilities permit.' Adequate medical care for dependents has to be assured, if we want good men in our Air Force."

Assistant Secretary Lewis, who leaves Pentagon service at the end of September, coupled his appeal for improved medical care with a report on the need for thousands of additional family housing units.

Even with the new housing authorized, he said, the shortage of satisfactory dwelling units "is a severe handicap to the posture of instant readiness we seek."

Mr. Lewis noted that the Air Force has pilots who live an hour and a half from their bases.

"We still have officers and airmen living in quarters no better than slums," the Air Force official asserted. "If we are to have the kind of men modern air warfare requires, have them fit and ready, we must have adequate on-base housing."

Mr. Lewis commented that he included necessary churches, schools and recreational facilities in the word "housing."

### Pentagon Readies Proposal To Boost Medical Care, Enhance Medical Service

(Army Surgeon General says Medical Officers are resigning at "alarming" rate—next page.)

The Pentagon is getting set to open up a second front to whip the medical care problem.

One phase of a planned two-prong attack was launched shortly before Congress adjourned when the Defense Department sent to the Capitol a proposal to provide health insurance for military dependents.

The second offensive is now being readied. It calls for new incentives to lure more doctors into the Services and to retain those already in uniform.

A Pentagon task force headed by RADM. E. W. Grenfell, USN (who also

headed the recent Career Incentive Act and Survivor Benefits task forces), has been studying the problem since last June and has come up with a number of recommendations aimed at making Service life more attractive to medical personnel.

Although not yet finalized, the plan is expected to ask higher pay, increased rank and better work opportunities for Service doctors and dentists.

For the past three fiscal years, the hard core of Regular military medical men has been dwindling rapidly. For

### Navy Accelerates Promotions to Cdr; Most in Zone Have Bare Time in Grade

For the second time in as many years, the Navy is accelerating promotions to the rank of commander.

More than 800 officers who barely meet time-in-grade requirements will be selected by a board which is now poring over the records of approximately 1,016 Regular officers (including temporaries) and about 290 Reservists on active duty.

Almost three-fourths of the Regular lieutenant commanders in the promotion zone completed their fourth year of service in grade during July or August. Nearly three hundred others in the zone will not complete four years as lieutenant commanders until 1956.

However, reversing a promotion trend which resulted in record selections to the

rank of admiral and captain this year, the number of officers named for promotion to commander is expected to be the smallest since 1952.

If the established promotion pattern is followed, approximately 82 per cent (or 833) of those within the zone will be named for three stripes. This is half the number of Regulars (1648) who made commander last year. The 1953 board selected 876 Regulars. Only 87 were selected in 1952.

## Doctors Resigning At "Alarming" Rate

THE critical shortage of doctors in the Army and the problem of providing essential medical care to dependents is a matter of major concern to the individual soldier, to the military establishment, and to the Nation, it was emphasized by Maj. Gen. Silas B. Hays, Surgeon General of the Army, on his recent arrival at San Antonio's International Airport.

He was there to confer with Brig. Gen. L. Holmes Ginn, Jr., Fourth Army surgeon, and to make a periodic inspection of medical facilities at Fourth Army installations. He also visited Fort Hood, Camp Chaffee, and Fort Sill.

"Our resignation rates have reached an alarming proportion," General Hays declared. "During the past two years under our present relaxed resignation policy, 2 per cent of the eligible colonels, 23 per cent of the lieutenant colonels, 66 per cent of the majors, and 76 per cent of the captains chose to resign. This is a situation which obviously cannot go unchecked; in fact, if we are to have any semblance of medical service, it must be reversed."

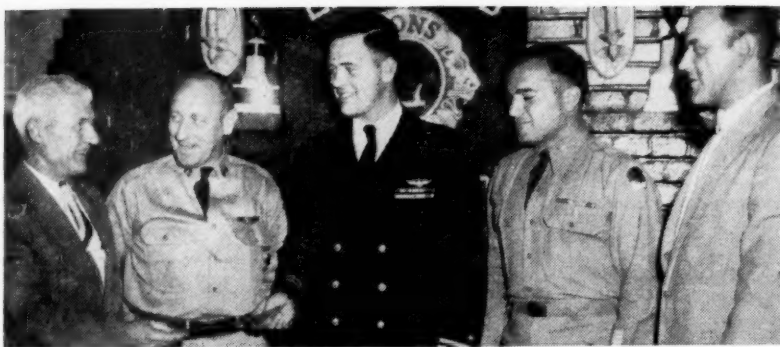

General Hays pointed out that not all of the Regular Army Medical Corps officers are eligible to resign under the current policy. Some of them have not yet completed three years of service or else have not yet completed the pay-back service for which they were obligated as a result of participation in one of the Army's professional training programs.

General Hays strongly urges an interim solution to the dependent care problem—one that presents itself to provide the military with the doctors necessary to continue medical care of dependents until Congress can resolve the problem.

The number of medical officers that may be on duty is limited by administrative decision that the service will not exceed three medical officers per 1,000 active duty military personnel. "Actually, in the Army," he added, "the number of military personnel presently on active duty plus those dependents who are cared for in Army facilities makes the ratio not three per thousand, but about 1.7 per thousand population served."

A new Dependent Care Bill is now before Congress to replace the bill which was introduced in 1954 and 1955, and reported unacceptable to the House Armed Services Committee, General Hays said. Incorporated in the new bill is a plan which would combine the features of low cost voluntary insurance and when the insurance plan is not elected, authorization for treatment by civilian physicians with the government meeting a major portion of the cost.

"While I do not consider the new bill entirely ideal, it will go a long way to solve the problem," he stated. "In the meantime, I am encouraging all of our installations to furnish auxiliary medical service to those dependents who, of necessity, must obtain medical care from civilian physicians. Some of these auxiliary services that I suggest include x-rays, medical laboratory procedures, the filling of prescriptions written by civilian physicians, immunizations and vaccinations, basal metabolisms, electrocardiograms, and electroencephalograms. The method of providing auxiliary medical care is left to the discretion of the medical activity commanders."

**PROMOTE RESERVE PROGRAMS**—Featured on a program of the West Norristown (Pa.) Lions Club, was a panel discussion on the Reserve Programs of the Armed Services. President Daniel R. Moore, left, is shown presenting certificates of appreciation to the speakers as Attorney Robert W. Honeyman, right, program chairman observes. The panelists, left to right, are Capt. J. Charles Whitman, II, USAF-Ret., Lt. Robert W. Tredinnick, USNR, and Maj. Nicholas J. Romano, USAF. Each outlined the Reserve Program in the respective services. Whitman, Romano and Honeyman are all past-presidents of Valley Forge Chapter, Reserve Officers' Association. The panel, part of a program to promote interest in the Reserve forces, is filling a number of speaking engagements in the area.

## Army Commanders to Take Immediate Enlistments Under New Reserve Law

Instructions have gone out to Army commanders to accept immediate enlistments for six years in the Army reserves.

The action marked the beginning of a three-part program to build up Army reserve strength under the new Reserve Forces Act signed late last week by President Eisenhower.

During the next 10 months, the Army also will accept 90,000 volunteering en-

listees for the six month training program provided by the new law.

The third step calls for a shorter reserve obligation for men now on active duty who agree to participate for one year in the Ready Reserve upon discharge.

Those accepted for enlistment under the six-year program must not yet have been ordered to report for induction. They will be required to serve two years on active duty, participate with a ready Reserve unit for three years, and serve one year in the Standby Reserve where no reserve training is required.

Those accepted for the voluntary six-month training program must be under 18½ years of age and in a draft deferred status. They must agree to participate in six months active duty for training, and will be required to participate satisfactorily in the Army Reserve training program for the balance of their eight-year enlistment. High school students who volunteer for this program may be deferred from the initial active duty training period until they complete high school or attain the age of 20, whichever is earlier.

The third step taken by the Army under the new law is to place into effect a shortened reserve enlistment for those who complete their term of active duty service between now and 1 July 1957. Men in this category can fulfill their Ready Reserve obligation by serving satisfactorily for one year with an Army Reserve unit. Any remaining military obligation will be completed in the Standby Reserve, in which participation in Reserve training is not required.

## Group Would End Dual Pay Limits

A Civil Service Commission task force has recommended elimination of dual pay restrictions which prevent thousands of retired Servicemen from taking Government jobs.

The task force study, now before the three U. S. Civil Service Commissioners, urges enactment of new legislation which would permit retired military personnel to accept Federal employment and receive both the full civilian salary and full retired pay.

Present restrictions—some of which date back to 1894—differ for various classes of retired personnel.

Virtually all officers retired for statutory reasons (age or service) are prohibited from accepting Government employment.

Those retired for disabilities incurred in combat or as the result of an instrumentality of war are exempt, however, from dual compensation restrictions.

Those retired for other disability reasons may earn a combined income of \$10,000, counting both their retired pay and their Federal salary. This ceiling only recently was boosted from \$3,000 by Public Law 239.

In urging adoption of new legislation, the Commission task force argues that the present laws provide neither consistent nor meaningful policy and that a valuable source of manpower is being denied to the Government because of narrow statutes.

The proposal is expected to receive the blessing and full backing of the Pentagon.

Meanwhile, THE JOURNAL learned, the Comptroller General of the United States, Joseph Campbell, also has come out in favor of a full-scale revision of the dual compensation laws.

In a letter to Senator Harry F. Byrd (D-Va.), Chairman of the Senate Finance Committee, he states that all of the present "outmoded laws" relating to dual compensation and double compensation should be consolidated, simplified and welded into a single new law.

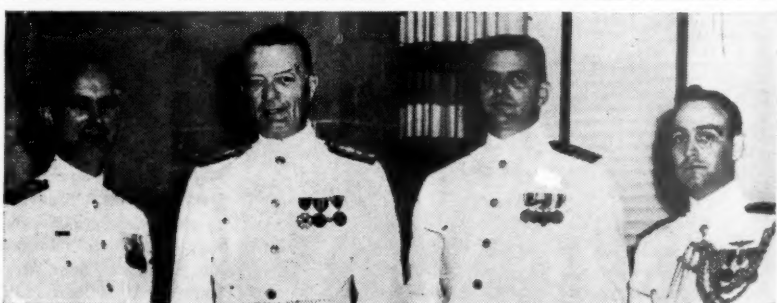

The Comptroller General said the present restrictions operate "against the interests of the United States" and deprive the Government of the services of qualified personnel.

The Civil Service Commission task force study is expected to be approved by the Commissioners and sent to the Capitol for early consideration by the Congress when it returns next January.

### POW Committee

Members of the Pentagon Committee which drew up the new Code of Conduct for POWs were:

Carter L. Burgenn, Assistant Secretary of Defense (Manpower and Personnel), chairman; General John E. Hull, USA-Ret.; Dr. Frank Berry, Assistant Secretary of Defense (Health and Medicine); Hugh M. Minton II, Assistant Secretary of the Army; Albert Pratt, Assistant Secretary of the Navy; Davis S. Smith, Assistant Secretary of the Air Force; Lt. Gen. Frank W. Milburn, USA-Ret.; VADM. C. A. Lockwood, USN-Ret.; Lt. Gen. Edward H. Edwards, USAF-Ret.; and Maj. Gen. Merritt Edson, USMC-Ret. (since deceased).

**ELECTRONIC SUPPLIERS**—At the reception held immediately after the Change of Command ceremony at the Electronic Supply Office, Great Lakes, on 8 Aug. 1955, Capt. L. P. Kimball, Jr., SC, USN (left), ESO's new Commanding Officer, greeted his guests in the company of (left to right) RADM. E. F. Forrestel, Commandant, Ninth Naval District; Cdr. Portus D. Boyce, Executive Officer of ESO; and Lt. A. G. Wellons, USN, Aide to the Commandant.

# Code Of Conduct: "I Will Trust In My God And In The United States Of America"

Here's the text of President Eisenhower's Executive Order and the Code of Conduct for servicemen.

The bold face print is the actual text and the italic print is instructional material.

## The Executive Order

By virtue of the authority vested in me as President of the United States, and as Commander in Chief of the armed forces of the United States, I hereby prescribe the Code of Conduct for members of the Armed Forces of the United States which is attached to this order and hereby made a part thereof.

Every member of the armed forces of the United States is expected to measure up to the standards embodied in this Code of Conduct while he is in combat or in captivity. To ensure achievement of these standards, each member of the armed forces liable to capture shall be provided with specific training and instructions designed to better equip him to counter and withstand all enemy efforts against him, and shall be fully instructed as to the behavior and obligations expected of him during combat or captivity.

The Secretary of Defense (and the Secretary of the Treasury with respect to the Coast Guard except when it is serving as part of the Navy) shall take such action as is deemed necessary to implement this order and to disseminate and make the said code known to all members of the armed forces of the United States.

## The Code of Conduct

### I

**I AM AN AMERICAN FIGHTING MAN. I SERVE IN THE FORCES WHICH GUARD MY COUNTRY AND OUR WAY OF LIFE. I AM PREPARED TO GIVE MY LIFE IN THEIR DEFENSE.**

A member of the Armed Forces is always a fighting man. As such, it is his duty to oppose the enemies of the United States regardless of the circumstances in which he may find himself, whether in active participation in combat, or as a prisoner of war.

### II

**I WILL NEVER SURRENDER OF MY OWN FREE WILL. IF IN COMMAND I WILL NEVER SURRENDER MY MEN WHILE THEY STILL HAVE THE MEANS TO RESIST.**

As an individual, a member of the Armed Forces may never voluntarily surrender himself. When isolated and he can no longer inflict casualties on the enemy, it is his duty to evade capture and rejoin the nearest friendly forces.

The responsibility and authority of a commander never extends to the surrender of his command to the enemy while it has power to resist or evade. When isolated, cut off or surrounded, a unit must continue to fight until relieved, or able to rejoin friendly forces, by breaking out or by evading the enemy.

### III

**IF I AM CAPTURED I WILL CONTINUE TO RESIST BY ALL MEANS AVAILABLE. I WILL MAKE EVERY EFFORT TO ESCAPE AND AID OTHERS TO ESCAPE. I WILL ACCEPT NEITHER PAROLE NOR SPECIAL FAVORS FROM THE ENEMY.**

The duty of a member of the Armed Forces to continue resistance by all means at his disposal is not lessened by the misfortune of capture. Article 82 of the Geneva Convention pertains and must be explained. He will escape if able to do so, and will assist others to escape. Parole agreements are promises given the captor by a prisoner of war upon his faith and honor, to fulfill stated conditions, such as not to bear arms or not to escape, in consideration of special privileges, usually release from captivity or lessened restraint. He will never sign or enter into a parole agreement.

### IV

**IF I BECOME A PRISONER OF WAR, I WILL KEEP FAITH WITH MY FELLOW PRISONERS. I WILL GIVE NO INFORMATION OR TAKE PART IN ANY ACTION WHICH MIGHT BE HARMFUL TO MY COMRADES. IF I AM SENIOR, I WILL TAKE COMMAND. IF NOT I WILL OBEY THE LAWFUL ORDERS OF THOSE APPOINTED OVER ME AND WILL BACK THEM UP IN EVERY WAY.**

Informing or any other action to the detriment of a fellow prisoner is despicable and is expressly forbidden. Prisoners

of war must avoid helping the enemy identify fellow prisoners who may have knowledge of particular value to the enemy, and may therefore be made to suffer coercive interrogation.

Strong leadership is essential to discipline. Without discipline, camp organization, resistance and even survival may be impossible. Personal hygiene, camp sanitation, and care of sick and wounded are imperative. Officers and noncommissioned officers of the United States will continue to carry out their responsibilities and exercise their authority subsequent to capture. The senior line officer or noncommissioned officer within the prisoner of war camp or group of prisoners will assume command according to rank (or precedence) without regard to Service. This responsibility and accountability may not be evaded. If the senior officer or noncommissioned officer is incapacitated or unable to act for any reason, command will be assumed by the next senior. If the foregoing organization cannot be effected, an organization of elected representatives, as provided for in Articles 79-81 Geneva Convention Relative to Treatment of Prisoners of War, or a covert organization, or both, will be formed.

### V

**WHEN QUESTIONED, SHOULD I BECOME A PRISONER OF WAR, I AM BOUND TO GIVE ONLY NAME, RANK, SERVICE NUMBER AND DATE OF BIRTH. I WILL EVADE ANSWERING FURTHER QUESTIONS TO THE UTMOST OF MY ABILITY. I WILL MAKE NO ORAL OR WRITTEN STATEMENTS DISLOYAL TO MY COUNTRY AND ITS ALLIES OR HARMFUL TO THEIR CAUSE.**

When questioned, a prisoner of war is required by the Geneva Convention and permitted by this Code to disclose his name, rank, service number and date of birth. A prisoner of war may also communicate with the enemy regarding his individual health or welfare as a prisoner of war and, when appropriate, on routine matters of camp administration. Oral or written confessions true or false, questionnaires, personal history statements, propaganda recordings and broadcasts, appeals to other prisoners of war, signatures to peace or surrender appeals, self

criticism or any other oral or written communication on behalf of the enemy or critical or harmful to the United States, its allies, the Armed Forces or other prisoners are forbidden.

It is a violation of the Geneva Convention to place a prisoner of war under physical or mental torture or any other form of coercion to secure from him information of any kind. If, however, a prisoner is subjected to such treatment, he will endeavor to avoid by every means the disclosure of any information, or the making of any statement or the performance of any action harmful to the interests of the United States or its allies or which will provide aid or comfort to the enemy.

Under Communist Bloc reservations to the Geneva Convention, the signing of a confession or the making of a statement by a prisoner is likely to be used to convict him as a war criminal under the laws of his captors. This conviction has the effect of removing him from the prisoner of war status and according to this Communist Bloc device denying him any protection under terms of the Geneva Convention and repatriation until a prison sentence is served.

### VI

**I WILL NEVER FORGET THAT I AM AN AMERICAN FIGHTING MAN, RESPONSIBLE FOR MY ACTIONS, AND DEDICATED TO THE PRINCIPLES WHICH MADE MY COUNTRY FREE. I WILL TRUST IN MY GOD AND IN THE UNITED STATES OF AMERICA.**

The provisions of the Uniform Code of Military Justice, whenever appropriate, continue to apply to members of the Armed Forces while prisoners of war. Upon repatriation, the conduct of prisoners will be examined as to the circumstances of capture and through the period of detention with due regard for the rights of the individual and consideration for the conditions of captivity.

A member of the Armed Forces who becomes a prisoner of war has a continuing obligation to remain loyal to his country, his Service and his unit.

The life of a prisoner of war is hard. He must never give up hope. He must resist enemy indoctrination. Prisoners of war who stand firm and united against the enemy will aid one another in surviving this ordeal.

## President Eisenhower OKs Code For POWs

(Continued from First Page)

form throughout the Armed Forces as far as practicable.

The program is to be adapted to cover the needs of all ranks from the enlisted man to the commander. It must be realistic as well as idealistic, and it must be presented with understanding, skill and devotion sufficient to implant a conviction in the heart, conscience, and mind of the serviceman that full and loyal support of the code is to the best interests of his country, his comrades, and himself, the Committee report states.

The new Code is the outgrowth of the widely discussed POW problem which arose during and following the Korean War.

In arriving at its final recommendations the Committee took into account the divergent views on what constitutes the correct conduct for men who are captured by the enemy. These views ranged from the "name, rank, serial number and date of birth"—or "Spartan" code—to the "tell them anything" code.

The Committee agreed that a line of resistance must be drawn somewhere and accepted the name, rank and service number provision of the Geneva Conventions as the line of resistance.

In the face of experience, however, the Committee recognized that a POW may be subjected to an extreme of coercion beyond his ability to resist. In this battle with the interrogator, the report states, the prisoner is driven from his first line of resistance and must be trained for resistance in successive positions.

It is the Committee's conclusion that

the individual must make a final stand. He must not disclose vital military information, and above all may not display, in word or deed, disloyalty to his country, his service or his comrades.

## Special Task Forces

### Unload Arctic Supplies

Three thousand specially trained U. S. Army troops are deploying into the remote parts of the American Arctic to begin unloading supplies and equipment for construction of the "DEW Line," the northernmost radar net spanning the American Continent.

The troops are divided into two task forces and will discharge more than 200,000 tons of construction material and supplies at more than 50 locations.

A joint venture of the United States and Canada, "DEW Line" will provide early warning for both countries in the event of transpolar air attack.

One of the task forces is working from the Atlantic side and the other from the Pacific side. They embarked from Seattle, Wash., and Norfolk, Va., last month.

All elements are expected to return to the States by early October.

## New Reg on Family Travel

Regulations governing the travel of Service dependents and the shipment of household goods and personal baggage within the United States is contained in Army Regulation No. 55-42 and Air Force Regulation No. 75-13.

The booklet also contains information about travel to and from overseas by civilian employees of the Army and Air Force. The joint regulations were issued in the interest of "increasing transportation and related economies and improving services available to" personnel.

## New AF Sec'y Faces R&D Decision, Need Told For \$100-200 Million More

SAN FRANCISCO, CALIF.

Air Force Secretary Donald A. Quarles, though changing hats from former duties as Defense Department research chief, will not be able to doff critical problems affecting research and development.

He must decide quickly whether to press before Defense Secretary Charles E. Wilson and the Bureau of the Budget a pending Air Force proposal to seek \$100-\$200 million in supplemental appropriations for Air Force research and development.

This could mean close to a 50 per cent acceleration in the Air Force R&D program.

Disclosure that the Air Force, under former Secretary Harold E. Talbott, has felt the added funds are essential for national security was made here at the Air Force Association convention by Assistant Air Force Secretary Trevor Gardner.

Meeting with newsmen following a closed door session with key leaders of the airpower industry, Mr. Gardner said there is need to boost previously "well disciplined" requests for R&D, which were submitted to the first session of the 84th Congress.

He indicated strongly that efforts would be made to win additional funds in the forthcoming session. Questioned as to whether Mr. Quarles—with whom Mr. Gardner had spoken following the former's appointment to succeed Harold E. Talbott—would likely support the request for additional funds, the Assistant Secretary indicated that an answer would be premature.

Mr. Gardner asserted, however, that appointment of Mr. Quarles is "quite a

boost for R&D." He said the choice of Mr. Quarles carried "a lot of significance," and commented that "this is the first time that a technical man has held the job of Air Force Secretary."

Queried as to the reasons for the proposed supplemental R&D appropriation, Mr. Gardner noted that Congress had cut original Defense Department requests. Beyond that, he said, there have been "important breakthroughs," which require additional expenditures.

He declined to say whether or not these breakthroughs affected work on the atomic airplane or the intercontinental missile.

## AF Wants Industry

### To Spend More For R&D

Mr. Gardner took the occasion of his secret briefing to AFA leaders to urge a step-up in industry-sponsored research and development.

He commented that the five major airframe companies, with billings of about \$3.7 billion during the past year and a backlog of \$7 billion, spent only \$2 million of their money for basic research.

The Air Force Assistant Secretary was asked to comment on representations by such groups as the Aircraft Industries Association that too much R&D money is being allocated to colleges, universities and other non-profit institutions.

Mr. Gardner said he had made a thorough study into this matter and had concluded that the present allocation to these groups—about 8%—is not in need of revision. He indicated the possibility the percentage might even go up a bit.

## U. S. Army

### Lt. Gen. Arnold Takes Command Of 5th Army

Lt. Gen. William H. Arnold, USA, has been named Commanding General, Fifth Army, with Headquarters at Chicago, Ill., succeeding Lt. Gen. Robert R. Gay, USA, who retires at Fort Bliss, Tex., on 31 August.

Maj. Gen. Philip DeWitt Ginder, USA, who was recently announced as Fifth Army Commander effective 20 August, will be in command awaiting General Arnold's return from Europe where he is Commanding General, U. S. Forces in Austria. General Ginder will remain with the Fifth as Deputy Commander.

Brig. Gen. J. E. Theimer, new assistant commandant of the Artillery and Guided Missile School, has arrived at Fort Sill, Okla., to take over his new duties.

He succeeds Brig. Gen. Thomas M. Watlington, who has been assigned to the Department of Army's C-3 Section in Washington.

### 'Copter Lands Patients At Walter Reed

The first helicopter to land at Walter Reed Army Medical Center's section at Washington, D. C., last week delivered three injured soldiers for medical care.

Pilot of the Army aircraft was CWO Willie H. Windham. He landed on the lawn in front of the Armed Forces Institute of Pathology building and within ten minutes treatment of the soldiers had begun. Injured in an automobile accident near Petersburg, Va., the patients were taken by ambulance to Ft. Lee, and then by helicopter to Walter Reed.

Co-pilot of the helicopter was W/O James Townsend while the medical corpsman accompanying the soldiers was PFC Edward Rasch. All of the airmen are on duty at Ft. Eustis, Va.

### Capt. Curtin to WAC Center

Capt. Ann M. Curtin, WAC, former Public Information Officer of Seine Area Command, Paris, has returned to the United States for reassignment to the WAC Training Center, Ft. McClellan, Ala. She has been replaced by 1st Lt. Betty Thorgilsson, WAC, formerly with the Paris Visitor's Bureau.

### New Military Medicine Course Begins 15 Sept.

A course in Military Medicine and Allied Sciences will begin at Walter Reed Army Medical Center 15 Sept. This 39-week course is directed by Maj. Marion E. McDowell, director of the Medical Division at Army Medical Service Graduate School. Students scheduled to attend are:

Lt. Col. Carl N. Ekman; Maj. Glen K. Arney, Michael J. Davis, John R. Gibson, Sidney L. Marvin, Thomas L. Robbins, John H. Draheim, Harry F. Hurd, and William H. Wright; and Capt. Richard F. Barquist, Michael P. Dacquisto, and Thomas W. Sheehy.

A 49-week course in Military Preventive Medicine began this week at the Center, with 12 officer-students attending. Course director is Col. Charles H. Moseley, director of the Preventive Medicine Division at the Army Medical Service Graduate School. The class roster includes:

Cols. Dean Schamber and Clark B. Williams; Lt. Cols. Italo W. Daniele, Oscar B. Griggs, Howard G. Krieger, Isidor Markowitz, Nick Perlmutter, Alfred G. Siegel, and James E. Tate; Maj. William E. Froemming, and Capt. Henry J. Donnelly; and one Veterinary Corps officer, Maj. William A. Bridenstine.

### Benning Copter Co. Leaves for Air Show

Nine Army helicopters and 18 pilots of Ft. Benning's 506th Helicopter Company have left Lawson Army Air Field on the first leg of a trip, which ends at the International Aircraft Show at Philadelphia Labor Day week end.

Included in the flight is "Old No. 242," the first H-19 helicopter to be received by the Army from Sikorsky Aircraft Corporation. It will be the first show for the craft, but other helicopters in the unit will be taking part in their fifth international show.

The Ft. Benning unit, commanded by Maj. William A. Howell, will stop at Camp Rucker, Ala., for rehearsals with other Third Army units. The 506th then will go to Ft. Meade, Md., where the aircraft will take part in All-Army rehearsals.

### Second Army Provost

Col. Richard S. McConnell, USA, former IXth Corps Provost Marshal, has assumed duties as Second Army Provost Marshal at Ft. Meade, Md.

### 2d Armd. Div. Reunion Set for N.Y.C. in Sept.

The 2d Armored Division ("Hell on Wheels") Association will hold its first nation-wide reunion in New York City 2, 3, and 4 Sept.

The 2d Armored, stationed in Germany under the command of Maj. Gen. Clark L. Ruffner, USA, is the only American armored division on duty outside the United States today.

Former members of the division should contact the secretary of the Second Armored Division Association, P. O. Box 172, Alexandria, Va.

More than 3,000 members of the Division in Germany are members of the Association. They will be represented at the reunion by the following individuals, who will be flown from Germany to the United States as guests of the Association:

Sfc Roy W. Greer, 12th Arm Inf Bn.  
M/Sgt Howard M. Feltman, 67th Tank Bn.  
Sfc Julius C. Sowell, 82d Recon Bn.  
Sgt Owen N. Simmons, 3d Armd FA Bn.  
Sfc Felix R. Foley, 142d Armd Sig Co.

### New Quarters Allowance Reg

An outline of the basic allowance for quarters for Service members with dependents not on training duty is contained in AR 35-1465.

The regulation reviews the circumstances under which personnel are entitled to such compensation, defines those who can legitimately qualify as dependents, and gives detailed information about other rules governing compensation for those to whom government quarters are not available.

### Will Provides New Hall For Military Academy

A \$300,000 memorial hall has been willed to West Point by the late Mrs. Mary Williams Crozier, widow of Maj. Gen. William Crozier, Class of '76.

Mrs. Crozier, who died on 2 Aug., specified in her will that \$300,000 of her nearly \$2 million estate be turned over to the Military Academy for construction of Crozier Hall in memory of her late husband who served as Chief of Army Ordnance from 1901 to 1918.

She bequeathed her Washington, D. C. residence to the American Ordnance Association, together with \$25,000 to remodel the home into an office and meeting place for the organization.

UNIQUE STAINLESS STEEL NACELLES  
built by Solar of course!

WHEN NAVY PATROL PLANES hit the carrier deck, the impact calls for rugged construction. So in the famed Neptune series, Lockheed's designers made a radical departure starting with the P2V-5. They called for engine nacelles of stainless steel, to provide greater structural strength with less installed weight than conventional aluminum nacelles. Weighing only 370 pounds, each nacelle must support a Wright turbo-compound powerplant weighing over 5000 pounds.

Solar was selected to take on the challenging job of producing these

nacelles. It involved precise forming and welding of half- to full-hard stainless steels in fabricating the intricate skin and rib structure. With more than 550 detail parts assembled with more than 38,000 individual spotwelds, the nacelles required development of many special tools and processes.

Volume manufacture of stainless steel nacelles and other airframe structures typifies Solar's skills with high strength alloys—skills based on 27 years of research, engineering, and fabricating experience with these metals. This backlog of knowl-

edge is available to every company faced with difficult applications of stainless and titanium alloys. How can Solar help you?

### Staff Corps Boards

#### To Pick Cpts. & Cdrs.

Navy selection boards to pick Staff Corps commanders and lieutenant commanders for advancement to the ranks of captain and commander will meet on 13 Sept.

Eligible for consideration are officers on the active list of the Regular Navy and Naval Reserve officers on active duty since 1 July 55, and earlier.

Commanders must have dates of rank of 1 July '51 and earlier. Nurse Corps commanders, however, will not be considered.

Lieutenant commanders must have dates of rank of 1 Oct. '52 and earlier.

The commander's promotion zone ends with the junior USN officers in each Corps whose running mate's Signal No. is senior to 3304.

Promotion zones end with the junior USN officer in each Corps whose running mate's Signal No. is senior to 3304 for commanders and 9929 for lieutenant commanders. Signal Numbers referred to appear in the 1 Jan. '55 Regular Register.

The junior Naval Reserve officer in each Corps has the Register No. indicated:

**Commander**—Medical, 2013; Supply, 166; Civil Engineer, 418; Dental, 173; others, none.

**Lieutenant Commander**—Supply, 3010; Chaplain, 690; Civil Engineer, 1783; Dental, 2068; Medical Service, 177; Nurse, 92; and Medical officers with dates of rank of 1 Feb. '52.

### Navy Tells Members Of Line LCdr. Boards

The Navy has released the names of officers serving on selection boards now in session to pick Line lieutenant commanders for promotion to commander. The names of selected officers are expected to be made public next week.

Heading the board considering male officers is RAdm. J. A. Snackenbergh, USN. Other members are:

RAdms. H. H. Caldwell and B. E. Moore; Capt. E. S. L. Goodwin, G. H. Hamilton, A. E. Hindmarsh, D. M. Wischaupt, A. A. Wellings, J. A. Lark, L. Smith, T. W. Wagner, D. C. Brown, H. R. Awtry, R. Lane, R. D. Powers, Jr., L. R. Schultz, R. Libby, H. L. Ogden, W. F. Petrovic, J. S. Barleon, Jr., W. H. Packard, L. J. Perry, J. W. Klopp, G. W. Okerson, and W. H. Hallock, NR; Cdr. C. A. Wharton, Jr., Recorder; and Lt. (jg) R. G. Fox, Assistant Recorder.

The Board meeting to select WAVES for advancement is headed by Capt. P. W. Mothersill, USN. Other members are:

Capt. J. A. Lark, T. W. Wagner, D. C. Brown, J. S. Barleon, Jr., and W. J. Esar; LCdr. G. A. Belleau, NR, is the Recorder.

### Services Should Draw Better Men, FRA Told

Maj. Gen. Melvin L. Maas, USMCR (ret.) Advisor to the Secretary of Defense on Reserve Legislation, declared recently that the best type of young men are not choosing a military career today.

In a speech before East Coast Region branches of the Fleet Reserve Association annual caucus 13 Aug., General Maas said: "Unless we can make the Service sufficiently attractive, until we restore the dignity and respect for the military, until the community looks up to a Sailor or Soldier or Marine or Airman, until they hold again an honored place in the community, we are in danger of destroying ourselves from within by having ultimately not a competent military establishment."

General Maas pointed out that the Reserves are dependent for survival on the high quality of leadership, training, and morale of the enlisted and commissioned leaders in the Regular establishment.

Col. Waldron E. Leonard, Director of Veteran Affairs, District of Columbia, gave the welcoming speech which was well received by some 300 members and guests from 24 of the Association's 26 East Coast branches who attended the Washington, D. C. meeting.

Chief Petty Officer D. J. Osmundson, now on active duty at the Naval Air Station, Patuxent River, Md., was elected new Regional Vice President of the Association.

The Ladies Auxiliary Units of the East Coast branches held their caucus simultaneously with the regular meeting. Mrs. Agnes Martin, the incumbent Regional Vice President, presided over the caucus. She was succeeded in office by Mrs. Enid Hiltz, who was elected Regional Vice President for the ensuing year.

### One Officer And 28 EM Picked As MSC Ensigns

The 1955 Naval Examining Board has recommended one Regular officer and 27 enlisted men for permanent appointments as ensigns in the Medical Service Corps.

Formal notification of selections will be made by individual letter and a BuPers notice late in August. The appointments will carry dates of rank of 30 July '55.

The names of the selectees and the sections to which they will be assigned are:

**Administration and Supply Section**—Walter A. Anderson, Samuel D. Parker, Harold H. Coulson, Chester A. DeCesaris, James J. Devane, Robert G. Devine, Kenneth F. Floan, George G. Forrester, Billy D. Harvey, James H. Herrin, Thurman O. Jordan, Allison N. Kendrick, Joseph F. Ksenzak, Thomas McGee, Richard Nueman, Arthur W. Paxton, Gale Ramirez, Robert S. Ruffin, Carl "L" Shaneyfelt, John L. Sim, Dewey L. Smith, Jr., Donald J. Snowden, Irvin O. Stallings, Millard F. Tanner, and William E. Whitlock.

**Optometry, Pharmacy and Medical Allied Sciences Section**—George M. Ginsburg, Wesley D. Skidmore and James A. Spahn, Jr.

### Capt. W. Kinsella Leads Submarine Sqdn. Ten

Capt. William T. Kinsella, USN, has succeeded Capt. Ralph E. Styles, USN, as Commander, Submarine Squadron 10, Atlantic Fleet.

Captain Styles, a 1933 graduate of the U. S. Naval Academy, reports for duty in the Office of the Chief of Naval Operations.

### HQMC Convenes Board To Pick M/Sgts. & T/Sgts.

A board will be convened at Marine Corps Headquarters on 29 August to pick eligible staff and technical sergeants for advancement to five and six stripe ranks.

About 100 Staff NCO's will be upgraded to six-stripe rank and about 500 to five-stripe rank, Headquarters states. It is anticipated that the board will require about five weeks to complete deliberations.

Present plans call for the promotions berations.

**GENERAL LEMUEL C. SHEPHERD, Jr.**, Commandant of the Marine Corps, congratulates Lt. Gen. Christian F. Schilt, USMC, shortly after he was promoted to his present rank and assumed duties as Assistant Commandant of the Marine Corps for Air.

**LT. GEN. WILLIAM O. BRICE, USMC**, and Mrs. Brice, with the scroll presented upon his departure from Hq., USMC, Washington, D. C. General Brice will assume command of Fleet Marine Force, Pacific, at Pearl Harbor about 8 Sept.

### Lt. Gen. Brice Becomes CG Of FMFPac On 8 Sept.

Lt. Gen. William O. Brice, USMC, is slated to succeed Lt. Gen. Robert H. Pepper, USMC, as Commanding General, FMF, Pacific, on 8 Sept.

On the following day General Pepper will leave for San Francisco, where he will become Commanding General, Department of the Pacific, relieving Maj. Gen. Henry D. Linscott, USMC. At the same time, General Pepper becomes Director of the 12th Marine Corps Reserve and Recruitment District—one of the largest in the country.

General Brice was Assistant Commandant of the Marine Corps for Air until recently when he was ordered to the Pearl Harbor Headquarters of the Pacific Fleet Marine Forces.

### Col. Batterton Heads 3d Marine Air Wing

Col. Boeker C. Batterton, USMC, has assumed command of the Headquarters element of the Miami-based 3d Marine Air Wing which is deploying to MCAS, El Toro, Calif.

He replaces Brig. Gen. William G. Manley, USMC, who remains in Miami to command MAG-31 (Reinforced).

Colonel Batterton, former 3d MAF Chief of Staff, will probably be succeeded by an El Toro brigadier general when the movement of the wing is completed.

A veteran of Marine Corps aviation during WWII and the Korean War, Colonel Batterton was commander of the 1st Provisional Marine Air-Ground Task Force, with Headquarters at MCAS, Kaneohe Bay, T. H., before being assigned to the 3d MAF.

### Maj. Gen. Riseley Takes Post As DepCom, FMFPac

Maj. Gen. James P. Riseley, USMC, has assumed duties as Deputy Commander, Fleet Marine Force, Pacific.

The former Commander of the Third Marine Division in Japan succeeded Maj. Gen. Vernon E. Megee, USMC, who becomes Commanding General, Aircraft, Fleet Marine Force, Atlantic, with headquarters at Norfolk, Va.

This is General Riseley's second tour of duty in Hawaii. In 1953, as a brigadier general, he commanded the First Provisional Marine Air-Ground Task Force at Kaneohe Bay.

A 1922 graduate of the U. S. Naval Academy, he was Executive Officer of the Eighth Marines during the Guadalcanal campaign. During the Tarawa campaign, the General served as Operations Officer of the Second Marine Division. He was then assigned command of the Sixth Marines, Second Marine Division, in the island assaults on Saipan and Tinian, before returning to the States in Oct. 44.

General and Mrs. Riseley have four daughters and a son, Marine 2d Lt. James P., Jr., who is presently assigned to the Marine Barracks, Pearl Harbor.

## 'Nautilus' Drydocks At Submarine Base

The nuclear-powered submarine USS Nautilus (SSN-571) has entered the floating drydock USS ARD-7 at the New London Submarine Base, for routine inspection and minor repairs.

A post-shakedown drydocking is normal for submarines of all types. Nautilus was last in drydock six months ago.

The Nautilus, which completed her shakedown period in mid-June, has been conducting training with other units of the U. S. Atlantic Fleet.

*"We shall smash them  
with our clenched fist"*

"War to the hilt between communism and capitalism is inevitable. Today, of course, we are not strong enough to attack. Our time will come in 20 or 30 years. To win we shall need the element of surprise. The bourgeoisie will have to be put to sleep. So we shall begin by launching the most spectacular peace movement on record. There will be electrifying overtures and unheard of concessions. The capitalist countries, stupid and decadent, will rejoice to cooperate in their own destruction. They will leap at another chance to be friends. As soon as their guard is down, we shall smash them with our clenched fist."

Dimitry Z. Manuisky

Presiding Officer U. N. Security Council, 1949

From a Speech before the Lenin School of Political Warfare, 1931

Communism is the implacable enemy of our country! Dedicated to our annihilation, it moves stealthily, employing all the wiles of a cunning animal. Today it soothes us with talk of peace. Tomorrow it rattles the saber. Always, it moves toward a calculated goal that has been spelled out for all of us to read. Every American must awaken to these realities if our nation is to survive.

## U. S. Air Force

### Col. Prohaska Becomes AMC Comdr.'s Exec.

Col. Elmer G. Prohaska, USAF, Assistant Executive for Management, has succeeded Col. Joseph T. Kingsley, jr., USAF, as Executive in the Office of the Commander, Air Materiel Command, Wright-Patterson AFB, Ohio.

Col. Prohaska

Colonel Kingsley will attend the Industrial College of the Armed Forces. His assistant, Col. Harry R. Smith, jr., will also leave, to be assigned to the San Bernardino (Calif.) Air Materiel Area.

Both Colonel Kingsley and Colonel Smith were presented Oak Leaf Clusters to the Commendation Ribbon for meritorious service by General E. W. Rawlings, Commander of Air Materiel Command.

### AF Food Service Meet At Wright-Pat. 24 Oct.

The second world-wide Air Force Food Service Conference will be held 24 through 28 Oct. at Headquarters, Air Materiel Command.

Purpose of the conference is to develop measures toward resolving problems within food service areas. The major objective is to increase the efficiency and effectiveness of the Air Force Food Service Program.

Attending the conference will be various representatives of industry, colleges, hotels, and of all major air commands.

The key note address will be given by Gen. E. W. Rawlings, USAF Commander, Air Materiel Command. Brig. Gen. R. L. Winn, USAF, Directorate, Transportation and Services, will give the welcoming address.

COL. DAVID A. BURCHINAL, USAF (right), is awarded the Commendation Ribbon for "aggressive and positive leadership" while commanding SAC's 43d Bomb Wing, during a recent ceremony at March AFB, Calif. Former Fifteenth Air Force Commander Maj. Gen. Walter C. Sweeney, jr., made the presentation. General Sweeney now commands the Eighth Air Force with headquarters at Westover AFB, Mass.

### Ground Crews to Vie In Engine Change Race

A contest to determine how fast a jet engine can be changed is being sponsored by the Allison Division of General Motors Corporation for the National Aircraft Show being held at the Philadelphia International Airport over Labor Day Weekend.

Crews are now being selected from among the skilled aircraft mechanics in the Training Command in the Air Force. When the crews are selected they will be brought to Philadelphia to compete.

The plane which will be the "guinea pig" for the contest will be the Air Force Training Command's jet trainer, the Lockheed T-33.

The Allison trophy is designed to provide an added incentive for keeping the ground time for jet engine changes to an absolute minimum. E. B. Newill, Vice President, Allison Division, General Motors Corp., said of the aircraft mechanics, "These men are the unsung heroes of the jet age."

### Col. Magid to Command 6101st ABG at Komaki

Col. Louis B. Magid, jr., USAF, Information Services Officer of TAC's 18th Air Force, Greenville, S. C., for the past year, will leave for Japan this week to assume command of the 6101st Air Base Group at Komaki Air Base, Maj. Gen. Chester E. McCarty has announced. Komaki is the flying base of 5th Air Force headquarters, commanded by Lt. Gen. Roger Ramey.

Maj. A. G. Thompson, Director of Public Information of the 18th Air Force since September, 1954, will replace Colonel Magid as Information Services Officer.

### Night Fighter Trophy Goes To 496th FI Sq.

Lt. Gen. Frank F. Everest, USAF, Deputy Chief of Staff for Operations, presented the Hughes Trophy to representatives of the 496th Fighter Interceptor Squadron at the Night Fighter Association's annual banquet, 13 Aug., in San Francisco, Calif. The 496th, assigned to the 86th Fighter Interceptor Wing, is stationed at Landstuhl Air Base, Germany.

Lt. Col. Robert R. Fishel, USAF, Squadron Commander of the 496th, accepted the trophy. Also on hand were Capt. William J. Murphy, Capt. Robert J. Conner, M/Sgt. Leroy Ayers, and T/Sgt. Richard D. Culver, representative members of a night fighter team.

### Dental Chief in Denmark

Brig. Gen. Marvin E. Kennebeck, USAF (DC), Chief of the Air Force Dental Service, has left Washington for Europe to visit the Headquarters of the U. S. Air Forces in Wiesbaden, Germany, and also various dental installations of that Command.

This week he is in Copenhagen, Denmark, attending the Annual Meeting of the Federation Dentaire Internationale. General Kennebeck is the Air Force member of the Armed Forces Dental Service Commission and is participating in the discussion "International Standardization of Dental Health Record Cards to Permit Uniformity of Nomenclature and Casualty Identification."

**Soviet vs U. S. Arms Cuts.** The Kremlin has announced that it will demobilize 640,000 men in its Armed Forces by 15 Dec. To this our Secretary of State, Mr. Dulles, succinctly points out that we have reduced our forces by a similar figure over the past two years. Furthermore we are still cutting. Mr. Dulles also calls attention to the fact that the Soviets maintain large organized reserves of men and equipment capable of being mobilized rapidly. We are just beginning an attempt to get our reserves on a sound long-range basis.

As Secretary Dulles remarked, we do not know what the Soviet strength is—what base it has from which to start cutting. General Alfred M. Gruenther, USA, estimated last March that the Soviet military machine has about 4,500,000 men "in being, active forces." Red satellites probably have another 1,500,000 in their active standing armies. In addition, Admiral Robert B. Carney, retiring Chief of Naval Operations, has warned that the naval superiority of the United States and our allies is being cut slowly down by the steady growth of Communist seapower. Meanwhile, Congress and the American public have been startled by recent revelations of the technical progress and rapid growth of Russian military airpower. The Geneva atomic meeting has shown Soviet science well abreast of nuclear progress.

At this stage of the lessening tension between the free world and the Communists there are ample expressions in official circles of a determination not to let our military strength decline. Defense Secretary Wilson and others have given assurance that we will not relax in our efforts to maintain armed strength for the "long pull."

The danger lies, however, in the "long pull" of the good will campaign. Dollar economy and political pressure will combine with the era of good feeling to bring strong demands for reductions below our planned armed strength. To give way, to dissipate the means by which we have brought about the current conditions, would be fatal. On the other hand, to maintain our ability to repel aggression and to strike back could foster and preserve mutual respect and lead to long-term world stability. We must be vigilant.

**Experience Comes to DoD.** Time, with assists from Congress, has brought about a complete turnover in the Secretaryships of the three military departments. Two-and-a-half years ago when the new administration came into office, all top Defense Department and military department posts were filled with men from business and industry with no previous experience in administering military departments. Today the same Secretary of Defense remains—seasoned and experienced by good-humored bouts with Congress and the press—while the Army, Navy and Air Force departments are headed by men new to their specific jobs but well experienced in the affairs of the Department of Defense.

Former Secretary of the Army, Robert T. Stevens, first to throw down the gauntlet to the then powerful Senator McCarthy, finally resigned, his standing weakened by bouts with Congress over Private Schine and Major Peress and by his subsequent placid acceptance of the severe cuts in the Army. He has been succeeded by Wilber M. Brucker, whose previous experience as General Counsel for the Defense Department gives him a pretty good picture of the over-all problem.

Robert B. Anderson, who started out as Secretary of the Navy and then became Deputy Secretary of Defense (now resigned), was succeeded in the Navy post by Charles S. Thomas. Mr. Thomas had been Under Secretary of the

Navy and later Assistant Secretary of Defense for Supply and Logistics, and thus is well grounded in the Department's operation.

The administration's first Secretary of the Air Force, Harold E. Talbott, was doing a bang-up job for his Service until his busy activities as a partner in the Mulligan firm came to light, and he was forced to resign—to the apparent relief of President Eisenhower and Defense Secretary Wilson. The new Air Force Secretary, Donald A. Quarles, brings to that post more technical knowledge than has ever graced it before. As Assistant Secretary of Defense for Research and Development for two years he has seen the birth or development of most of the critical weapons

### Widows' Pensions

Editor, THE JOURNAL:

I am enclosing herewith a copy of a letter which I addressed under date to the Honorable Porter Hardy, jr., Representative in Congress from the State of Virginia, regarding his excellent bill to improve the pension benefits of service widows.

I think that my letter to Congressman Hardy entirely clarifies the subject of better pensions for the "senior widows" of the Spanish-American War. As Past President of Auxiliary 83 of West Point Camp 85, United Spanish War Veterans, and as a former President of the Hudson Valley District Council Auxiliary, U.S.W.V., I am acting in this important matter, not in my own best interests alone, but as spokesman for all other surviving widows of the Spanish-American War of 1898.

LETINA SCHOEFF,  
(Mrs. C. L. Schoeff)

Following is the text of Mrs. Schoeff's letter to Representative Hardy:

My Dear Congressman:

As an Army widow of the Spanish-American War of 1898, I am writing this letter with respect to your bill, now in Congress, concerning an increase in the amount of surviving widows' pensions.

Your bill is a very worthy and desirable one, but it is my understanding that it will not benefit the widows of the Spanish-American War, unless it be shown in any individual case that the veteran's death was "service connected." Speaking for all of the ladies

of Auxiliary 83 of West Point Camp 85, United Spanish War Veterans, we feel that this requirement is very unfair to us. Our husbands served overseas during the Spanish-American War of 1898, in Cuba, Puerto Rico and the Philippines, under conditions far worse than those of World Wars I and II insofar as proper food, clothing, shelter, medical care and hospitalization were concerned. As you must know, service conditions at that time in hot, tropical countries were very bad, the troops suffering many hardships and far more dying from malaria, typhoid fever, yellow fever, jaundice and other diseases than were killed in action or died of wounds. That is, all of the troops were exposed to serious disease, as well as to bullets, and the individual who did not contract some form of disease was very rare. Therefore, who can say that the later death of any such overseas veteran of 1898 was not in fact "service connected," either directly or indirectly?

In view of the above we feel that your bill should properly be changed and amended to include substantial benefits and increases for all surviving Army widows of the Spanish-American War of 1898, especially for those whose husbands served for any period of time overseas in Cuba, Puerto Rico or the Philippine Islands and suffered exposure to the tropical diseases, insects, hardships and privations of those times, often without proper food, clothing or medical care. As it is now, the widows of 1898 are naturally the oldest, all being in their 70's or 80's. Many are sick, crippled or otherwise unable to work and support themselves; there are not very many of them and all are elderly; it certainly seems that at this late date they should be granted far better pensions than they now receive.

In brief, we feel that considering the high costs of food, medicine, rent, clothing and other necessities, that the "senior widows" of the Spanish-American War of 1898 are very poorly treated and practically forgotten. Especially for those whose husbands served overseas in the jungles of the Philippine Islands and in Cuba or Puerto Rico, we feel that the surviving widows of 1898 should receive not less than \$75.00 a month, instead of the present very small and insignificant sum of but \$54.18 each month, which is of course ridiculous and entirely too little for our present needs.

Please do all that you can to correct this unfair and unjust situation, particularly for those widows whose late husbands remained in the service after the War of 1898. For the information of myself and other interested widows, may I ask that you kindly send me a brief letter stating whether or not there is any prospect of having our very small pen-pensions increased soon?

Sincerely yours,

LETINA SCHOEFF,  
(Mrs. C. L. Schoeff)

### Tax Credit Bill

Editor, THE JOURNAL:

My congratulations and thanks to you folks and the others who helped put through the Income Tax Credit bill for Retired Service personnel.

It has been a pleasure thru-out the years to set aside a portion of both my active duty and retired pay for a subscription to the JOURNAL. I am sure you will keep up your good work for the good of the services.

VERNON ECKMAN, SR.  
M/Sgt.-retired

projects he will be called upon to administer in his position.

The passing of Mr. Talbott from the Defense picture was a blow to both his superiors and subordinates. Secretary Wilson said he was "distressed" about the whole matter and that he didn't "like any part of it." In accepting the resignation, President Eisenhower praised Talbott's "unexcelled" work as Secretary but admitted that Mr. Talbott's decision to resign was the "right one."

Nevertheless, despite the low pay of such posts as compared with the incomes of these men in industry and business, and hazard of Congressional and public criticism, the requirements of divesting themselves of holdings that might bring about a "conflict of interests," the record of retention and promotion of top level civilian executives in the Department has been a good one. It has, in fact, controverted the dire predictions of many (including Mr. Talbott when he was first appointed) that it would be hard to get and hold men in such jobs.

## IN THE JOURNAL

**10 Years Ago**—In the next 12 months the Army will endeavor to discharge 5,000,000 high point men, the War Department announced this week following the surrender of Japan. All enlisted men with a point score of 85 and over and enlisted women with a score of 44 or over, serving in the Zone of the Interior, will be sent to separation centers for immediate separation.

**50 Years Ago**—According to a report received at the Navy Department, ships of the North Atlantic Fleet have established communication with one another by wireless telegraphy for distances up to 262 nautical miles, equivalent to the distance steamed by the average vessel in twenty-four hours. This is the longest distance at which wireless messages have been sent from ship to ship in the naval service.

**90 Years Ago**—The daily newspapers have for some time announced that the Government was to establish a great "iron-clad rendezvous," in which all the iron-clads of the Nation were to be salted down in preservation for another war. Upon inquiry, we find that a place has been selected in the Delaware River for an ordinary, in which the light-draught iron-clads will be placed.

## Ft. Leavenworth's Project to Stress Heritage and Traditions Well Underway

The Ft. Leavenworth Historical Committee, organized by the Commandant, Maj. Gen. Garrison H. Davidson, last March, has recently completed its initial study and recommendations for plans to enhance the prestige and history of Ft. Leavenworth and the Command and General Staff College.

The committee, headed by Col. Louis Buttner, Director of Administration at the Post, has as additional members Col. Ward S. Ryan, Director of Department V of the College; Lt. Col. Henry S. Parker and Lt. Col. William F. Lynch, instructors in Departments V and VII, respectively; Maj. Henry Robertus, jr., Public Information Officer, and CWO Thomas E. Burke, jr., CWO Henry L. Denney, who recently departed the Post, was an original member, but has been replaced by Mr. Burke who is also the Museum Officer.

**GENERAL DAVIDSON**, who has evinced considerable interest in the historical significance of the Fort, told the committee in an early meeting: "Your mission will be to generate interest in the history of Ft. Leavenworth, to promote ideas and plans which will bring before the members of the Post, the military in general, and the civilian population of the nation the history and tradi-

tion which has been brought about through the long years of the existence of Ft. Leavenworth.

"The measures to be taken should enhance the prestige of assignment to the Post or attendance at the Command and General Staff College, and make those so assigned continually aware of the heritage and traditional place in the national scheme of military things of the Post of Ft. Leavenworth and of the Command and General Staff College."

A Ft. Leavenworth Historical Society has already been formed under the guidance of Col. Charles F. Russe, Post Inspector General. The first meeting of this group saw 22 of the charter members present to hear Mr. Feller tell of the formation last year of the Leavenworth County Historical Society.

**ON THE POST**, plans are now in progress to identify and mark many of the historical landmarks, sites and buildings. Among the more interesting projects was the uncovering of accounts and actual evidences of Fort Sully, which was a hastily constructed earthen rampart on the southern end of Sheridan Ridge just above the National Cemetery as a last-ditch defense against the imminent raid of General Price and his Confederate forces in October of 1864.

Other studies have revealed the existence of a line of blockhouses along the crest of Sheridan Ridge, built many years ago as lookout points against possible Indian raids.

**THE EARLY PIONEER MISSION** and history of the Fort will make itself more apparent with many of the Post's building interiors going over to a "Pioneer" or "Frontier" motif in future redecorating. Already planned are such rooms in various clubs and messes throughout the Post and a "Fort Leavenworth room" in the Post Library.

To further enhance the prestige of the Post and College, General Davidson has fostered study for the design of a suitable emblem in the form of a statuette which would exemplify the mission and accomplishments of the Command and General Staff College.

Through the existing civilian groups tour program and the speakers' bureau of the Post Public Information Office, the history and prestige of the Post and College will be continually expounded.

As funds permit, additional directional signs and markers will be placed about the Post along main thoroughfares to guide visitors and tourists to the most interesting buildings and landmarks.

Meetings of a separate committee have already been held to suitably memorialize the old Fort bridge, which is scheduled for destruction soon.

For the first time in the history of the Command and General Staff College, a two-hour lecture course will be given to students shortly after the beginning of the school year. General Davidson will present the history of the College, and explain the distinction of being selected to attend the course.

**THE POST MUSEUM** has come in for considerable study as to improvement of exhibits and gaining of additional space. The recent addition of a second floor in the center portion of the present building has added considerable floor space, and rooms there will be furnished to depict living conditions of a century ago.

Already in place are highway signs directing the traveler to "Historic Fort Leavenworth and Museum." The legend and history of the Post will be inscribed on a large bronze plaque and placed along Highway 73 just west of the main Post entrance by the Highway Department and Historical Society of Kansas.

The Historical Committee has been organized as a permanent and continuing body and members will be replaced upon departure from the Post.

## MEMO For Journal Readers

-2-

A NEW MILITARY BUDGET FIGHT can be written down as a certainty if the Air Force pushes strongly its belief that Soviet airpower advances make necessary a new look at the 137-wing goal. Even without an expansion in its wing strength, the Air Force will need increased funds in the next several years as a result of accelerated aircraft deliveries and boosts in maintenance and operation costs, resulting from additional wings.

THE FAMILY MEDICAL CARE APPEAL made at last week's Air Force Association convention by Asst. AF Sec'y Roger Lewis was one of the strongest ever delivered by a top Pentagon official. His remarks that this problem has not been met in a "decent way" and that it "is not enough merely to mouth phrases" represented bold talk. IT WAS SIGNIFICANT that Pentagon speech reviewers O.K.'d such language.

NEED FOR MORE MEDICAL and dental officers to ease the currently increasing strictures on family care could be met partially by utilizing the services of retired medical and dental officers in civilian status at military installations near their homes. Dual compensation laws are a barrier against such a project, but it is understood the DoD is considering the submission of legislation to permit such employment of retired officers.

CAREERS FOR YOUNGER RETIRED officers are open in the current expansion of the FCDA Attack Warning System. There are immediate vacancies for Civil Defense Officers (Attack Warning) in GS-11 and 12 (\$6,385 and \$7,570). (Dual compensation restrictions apply.) Application should be made to the FCDA Director of Personnel at Battle Creek, Mich. Those in age range 35 to 50 are particularly desired. Meanwhile, the AIR FORCE says retired members interested in employment opportunities with the Air Force or any other Federal Agency may get information from their nearest base or may write to Civilian Personnel Employment Information, Director of Civilian Personnel, Hq., USAF, Washington 25, D. C.

✓ THERE IS A SHORTAGE of Air Force funds in FY '56 for maintenance and operation. The Comptroller's office warns that attainment of Air Force goals within the limited M&O funds will require "utmost ingenuity and careful management."

FIRST AERIAL REFUELING of a B-52 bomber was accomplished over Louisiana recently. Participating were the 93d Bomb Wing of Castle AFB, Calif., first unit to get the new 8-jet bombers, and the 340th and 44th Bomb Wings of Sedalia and Lake Charles AFBs, La., with their flying tankers. The B-52s refueling receptacle is behind instead of in front of the pilot, so that the boom operator has to give more directions to the bomber pilot. On the other hand, the B-52 is heavier and therefore more stable than lighter bombers. There'll be many more thousands of such refuelings.

NO WINNER, NO CASH AWARD—that is the way the contest for a slogan or motto for MSTs ended. Many entries "easily won honorable mention," the Service was told, but "it was felt by the reviewing board and by COMSTS that none of the ideas warranted official adoption." MSTs feels it needs a slogan with a real punch to come up to its standards. (Top commercial shipping line in the National Safety Council's marine section safety contest last year had an accident frequency rate of 4.48—MSTs' rate was 3.82.)

LOWRY AFB'S SUMMER WHITE HOUSE is in operation again. Early visitor to Pres. Eisenhower there was his West Point classmate, Lt. Gen. Hubert R. Harmon, USAF-Ret., whom he appointed superintendent of the new USAF Academy. Topics discussed must have included new designs for Academy buildings. Congress balked at original modernistic plans, but the Dept. says no new sketches have yet been submitted or approved.

✓ ALL OF THE JUNIOR NAVY OFFICERS who took part in the so-called "Admiral's Revolt" in 1949, have been boosted up the ladder. The last two to make the grade are Capt. John S. Thach and Cdr. W. N. Leonard, selected by the recent flag and captains' boards.

THREE OTHER PARTICIPANTS who were captains at the time of the inter-Service squabble are: Admiral Arleigh A. Burke, sworn in this week as CNO; RADM. J. H. Sides, who heads the Naval Operations Guided Missile Division, and VADM. F. M. Trapnell, USN-Ret. Three other Commanders in addition to Commander Leonard took part in the Navy defense and have since been promoted to captain. The lone lieutenant commander among the Navy witnesses was promoted in 1953.

TIMING OF AF SEC'Y QUARLES' appointment may have averted a blow-off at the Air Force Assn. convention in San Francisco last week. There were widespread reports in AFA circles that Asst. AF Sec'y Trevor Gardner, in charge of R&D, was prepared to deliver a major blast in a closed-door session with industry leaders. MOMENTS BEFORE HIS BRIEFING, Mr. Gardner received official word from Washington of Mr. Quarles' appointment. As a consequence, it was understood that remarks alleging that dangerous cuts had been made in the R&D program were tempered, though Mr. Gardner made effective use of the AFA podium to urge a major boost in R&D funds. His presentation certainly puts the fight up to new Sec'y Quarles. GETTING EXTRA FUNDS for defense from an election-year Congress bent on cutting taxes will be a rugged job next year, particularly if the Russians continue to play a soft hand. Mr. Quarles' bold support will be critical if the AF is to get the extra money Mr. Gardner holds to be essential.

✓ RIDING CROPS have become the trade mark of the 505th Signal Group at Ft. Huachuca, Ariz. All the unit's officers carry foot-long leather riding crops although there's not a horse in the area. Col. Francis N. Miller, group commander, conceived the idea as a distinctive emblem of the outfit's early days at Ft. Hood, Tex. (Swagger sticks are de rigueur in the Marine Corps.)

DESIGNATION OF THE NAVY'S fifth 60,000-ton carrier is still at sea, and a Journal memo (13 Aug.) has been sunk. The Journal said Representative Carl Vinson (D-Ga) wants the fifth carrier to be named USS Kitty Hawk (which he does). And that, in fact, the House passed a bill specifying that name (which it did). The Navy took exception to the statement that Secretary Thomas is holding fast for the name USS Independence (which he isn't). KITTY HAWK first was suggested by Chairman Vinson as the name for the fourth Forrestal. Secretary Thomas said he believes the policy should be followed of naming ships after historic battles. He rejected the name Kitty Hawk and designated the fourth carrier the USS Independence. The controversy cropped up again, however, when the House agreed that the fifth carrier be given the name Kitty Hawk. Secretary Thomas has been quiet on the subject since the House action.

**MISSION: TACTICAL AIR MOBILITY.** Mobility of men and materiel is a vital problem in the new atomic era. So the Air Force is developing a high-speed, low-slung combat cargo plane that can use even short, improvised runways. The new C-130 Hercules with turbo-prop power (Allison T-56 engines) will do this. Now in production at Lockheed's Georgia Division, Marietta, Ga.

# A Pentagon Secret

If you were in the vicinity of Alamogordo, Inyokern, Dayton, Muroc or Patuxent River, you would hear new sounds and see strange shapes in the skies. And other military research centers are constantly testing the new flight forms developed jointly by industry and military—admirals, generals and thousands of officers and enlisted men.

The unique talent of our military executives to mobilize science and industry is the Pentagon's secret. In this fast-moving age, our defense needs are ever-changing. This new weapon, new aircraft, and whole new concepts of defense. The job of planning and developing these is now the biggest business in the world.

Each new defense device is designed to perform a special and difficult mission, and each one is usually presented to our military executives with a major problem in planning, development and production. Typical of today's defense problems and the methods designed to solve them are the products illustrated on these two pages.

IF YOU'RE A YOUNG MAN, 17 TO 28, INVESTIGATE MILITARY AVIATION AS A CAREER

**MISSION: POWER RESEARCH.** To prove how even advanced turbo-prop engines could be used on existing air frames designed for piston power, the Navy and Air Force selected Super Constellations (below). Result: these Super Constellations are the world's fastest propeller-driven airplanes, and are now flying for our military. Lockheed is leading the industry in turbo-prop power. Look for the new Lockheed Electra commercial transport with this advanced power. Already ordered in quantity by American Airlines, this advanced airliner promises speeds up to 100 mph faster than commercial transports now in service, and amazing new operating economies for airlines. For travelers throughout the world, the Electra will provide quicker schedules, quieter comfort. Lockheed's vast experience in turbo-prop aircraft will make possible record production schedules.

**MISSION: MISSILE DEMACY.** Ultimate goal of the research program at Lockheed's Missile Systems Division is to develop a completely reliable, broadly versatile array of guided missiles. Lockheed has more than 2,000 top scientists, physicists, nuclear physicists, engineers, technicians covering virtually every field of science. At Alamogordo, N. M., and Patuxent River Base,

LOOK TO LOCKHEED FOR  
LEADERSHIP

**MISSION: JET TRAINING.** Aircraft carrier jet fighters require highly skilled pilots and, to train them, the U. S. Navy needed the world's safest jet trainer. The new T2V-1, the Navy's first carrier jet trainer (shown below), is a product of close Navy-Lockheed cooperation. Flying about 600 mph, it can land under 100. Better visibility and a raised empennage for improved control are other new features.

**MISSION: EARLY ENEMY DETECTION.** Like climbing a mountain for a better view, the Navy and Air Force "go upstairs" with radar stations on Super Constellations—long-range planes capable of carrying tons of 360° radar. Result: more hours of earlier warning. Below, Navy crews at Pearl Harbor pass inspection near their Early Warning Super Constellations.

**MISSION: COASTAL PROTECTION.** No other nation has so much coastline to protect from submarine or air attack. The Navy and Lockheed have continuously developed Neptune Patrol Bombers (P2V) for this mission. In addition to high speed and long range, this plane (below) typifies Lockheed's leadership in the application of electronics to aircraft.

## SERVICE FAMILY NOTES

"MISS AMERICA OF 1975" leaves Griffiss AFB (N. Y.) Hospital for her home with her parents, Lt. and Mrs. Bayard D. Waring. Mrs. Waring, the former BeBe Shopp, was Miss America in 1948. The baby, named Kimberly Faith, was born 2 Aug., making the third birthday for the family in August; her mother's birthday being 17 Aug. and her father's 25 Aug. Lieutenant Waring is a navigator with the 4713th Radar Evaluation Flight at Griffiss.

A SUNSET parade was held at the Marine Barracks Monday, honoring Admiral Robert B. Carney, who retired the following day as Chief of Naval Operations.

Mrs. Carney, in a deep yellow print silk frock with spunky little black hat, was there to see her husband take the review; so were their children, Betty and her husband, Joseph K. Taussig, Jr., up from Annapolis, and Robert Carney, Jr., a lieutenant colonel in the Marine Corps, and his wife Natalie, coming from Camp Lejeune.

Sitting with Mrs. Carney were friends who were in Naples with them: the Commanding General of the Military District of Washington and Mrs. Stokes, Jr.; Lt. Gen. and Mrs. Clovis E. Byers; Mr. and Mrs. Leonard Unger; Lt. Col. and Mrs. Albert Barkin; and Mrs. Stanhope C. Ring, wife of Rear Admiral Ring.

Following the parade, the guests were entertained by General Lemuel C. Shepherd, Jr., in the garden adjacent to the mansion.

General and Mrs. Shepherd's son, Captain Shepherd III, and his wife "Dee" were there. He is going as CO of the Marine Detachment on the USS New Jersey. Her parents, RADM. and Mrs. Neil K. Dietrich were also present.

Admiral Arleigh Burke, successor to Admiral Carney, and Mrs. Burke were in a group with VADM. and Mrs. Murray Royer, and Paymaster General of the Navy and Mrs. Ralph J. Arnold.

Plans of command ceremonies scheduled for the retirement of Admiral Carney at Norfolk Wednesday were changed and the ceremony took place in front of Bancroft Hall at Annapolis.

The new Chief of Operations and Mrs. Burke move into "The Admiral's House" atop Observatory Hill, just off Massachusetts Ave., this week-end.

### Dinner for Departing Secretaries—

When the Air Force Chief of Staff and Mrs. Nathan F. Twining gave their farewell dinner for the retiring Secretary and Mrs. Harold Talbott, the night of 11 Aug., the guests had the pleasant opportunity of greeting the newly appointed Air Force Secretary, Mr. Donald A. Quarles, who had been appointed the same day, and Mrs. Quarles.

The Quarles expect to be joined shortly by their daughter, Mrs. Elizabeth Quarles Overton, with her small son, Timmy. Mr. and Mrs. Donald A. Quarles, Jr., live at Demarest, N. J., and have two daughters; a son-in-law and daughter, Mr. and Mrs. Elliott Dresner, and three girls are residents of Florida, and Miss Anne Quarles makes her home in New York City.

Mrs. Quarles is quoted as saying they do not give many parties but are fond of golf, though finding little time for it. Mrs. Quarles having an additional handicap besides lack of time, for a year or so ago she broke her left wrist. They are, however, honorary members of the Army and Navy Country Club and also the Town Club, as well as the Officers' Club of McNair.

Mrs. Twining and Mrs. Thomas D. White, wife of the Vice Chief of Staff of the Air Force, gave a delightful lunch-

eon for Mrs. Harold Talbott on 10 Aug., the day before Mr. Talbott's retirement.

The day the Chief of Staff and Mrs. Twining announced the engagement of their daughter, Olivia, to 2d Lt. Haywood S. Hansell, 3d, his parents, Maj. Gen. and Mrs. Hansell, entertained for the young couple at dinner at the Shoreham Terrace.

### Gens. Pierce and Crombez Honored—

In an atmosphere reminiscent of "Old Army" social traditions, more than 750 officers and their wives recently attended the formal reception held by the Commanding General of the Second Army, Lt. Gen. Floyd L. Parks, and Col. Julian B. Lindsey, Post Commander, at the Officers' Open Mess at Ft. Meade.

The reception was given in honor of officers who were arriving and departing the post. Guests of honor were Maj. Gen. James R. Pierce, Deputy Commanding General Second Army, and Brig. Gen. Marcel G. Crombez, Special Assistant to General Pierce.

In addition to the Second Army and Post Commander and the guests of honor and their wives, the receiving line included the newly promoted Maj. Gen. Raleigh R. Hendrix, Commanding General of the 2d Anti-Aircraft Regional Command and Mrs. Hendrix; Col. William Hall, the departing Logistics Officer, 2d Army, and Mrs. Hall; Col. Cornelius A. Licherie of 2d Army Logistics and Mrs. Licherie; Col. Thomas R. Malone, with the 2d Army Intelligence Section, and Mrs. Malone; and Capt. Robert M. Ward, the Aide-de-Camp to the 2d Army Commanding General, and Mrs. Ward.

There were many officers from the Navy, Marines, and Air Force also present at this, the peak of Ft. Meade's summer social season. The highly formal, but friendly affair, epitomized to many a very pleasing revival of the old Army tradition and atmosphere.

### Brig. Gen. & Mrs. Langdon Visit—

Brig. Gen. (USA-Ret.), and Mrs. Russell C. Langdon recently returned to their home in New York City from an extended trip to various places in the Middle West for the purpose of visiting relatives and friends. They had a steamer trip on the Great Lakes from Buffalo to Duluth.

At Ashland, Wisc., General Langdon addressed a joint meeting of the Rotary and Kiwanis Clubs on the service of the 32d Division in WWI, and the present-day necessity of supporting the participation of the United States in the United Nations.

While in that state they visited former officers and soldiers of General Langdon's WWI regiment, the 127th Infantry of the 32d Division. At Madison, a dinner was given in their honor by veterans of that division and their wives.

### Dental Corps Picnic—

Army and Air Force Dental Corps officers in the Washington, D. C., area will hold their annual picnic Saturday, 27 Aug. from 2:30 to 8 p.m., at Ft. Hunt, Va. Baseball games for the adults, pony

rides and games for the children, music and a varied picnic menu for all, will highlight this yearly affair.

Active, Reserve, and retired officers and their families are invited. For reservations, call Capt. George Uohara at Edgewater 9-5634.

### Farewell to Mrs. Talbott—

Mrs. Harold E. Talbott, wife of the retiring Secretary of the Air Force, was guest of honor at a goodbye tea given by board members of the Air Force Officers' Wives' Club of Washington. During her two years in Washington, Mrs. Talbott has been a gracious and untiring worker in the club.

Informally greeting members in the Williamsburg Room of the Army-Navy Country Club on 9 Aug. were Mrs. Talbott, Mrs. Nathan Twining, wife of the Air Force Chief of Staff and honorary president of the club, and Mrs. T. B. McDonald. Mrs. R. C. Harmon, president, was out of town.

Also saying goodbye were Mrs. Thomas D. White, wife of the Deputy Chief of Staff; Mrs. F. F. Everest, Mrs. Oliver S. Picher, Mrs. W. I. Miller, Mrs. W. D. Eckert, and Mrs. J. M. McCoid.

### Welcome AF Newcomers—

The Air Force Officers' Wives Club of Washington welcomed wives of Air Force officers who have recently moved to this area with two morning coffee parties this week.

The first, on 18 Aug. at 10 a.m., was at the Arlington home of Mrs. James J. Dimel. Mrs. Oliver S. Picher, wife of Major General Picher, and Mrs. T. C. Bedwell, hospitality chairman, discussed the aim and purpose of the club.

And on Friday, 19 Aug. at 10:30 a.m. Mrs. O. O. Sisler was hostess to about 20 prospective new members at her Lee Forest residence in Fairfax. Mrs. Bedwell and Mrs. R. C. Harmon, new president of the club were present.

### Reception at Walter Reed—

A reception was held at Walter Reed's Officers' Club 14 Aug. for newly-arrived Walter Reed Army Medical Center officers and their wives.

In the receiving line were the Center's Commanding General, Maj. Gen. Leonard D. Heaton and Mrs. Heaton; the recently promoted commandant of Army Medical Service Graduate School, Brig. Gen. John R. Wood and Mrs. Wood; the Director of the Center's Dental Activities, Brig. Gen. Arthur L. Irons and Mrs. Irons; and the new Walter Reed Deputy Commander, Col. Thomas J. Hartford and Mrs. Hartford.

### Supply Corps Wives' Club—

The newly elected officers and appointed chairmen of the Navy Supply Corps Officers' Wives' Club will hold an informal gathering on 29 Aug. at the Army-Navy Country Club. This will precede the regular meeting of the Committee on 6 Sept.

Mrs. Ralph J. Arnold, wife of RADM. Arnold, Chief of the Bureau of Supplies and Accounts, is President of the Club. Officers for the 1955-1956 season are: Mrs. D. R. Capell, Executive Chairman; Mrs. H. H. Hunt, Recording Secretary; Mrs. W. T. MacKinnon, Corresponding Secretary; and Mrs. W. B. Durant, Jr., Treasurer. Chairmen are: Mrs. H. C. Durham, Membership; Mrs. R. H. Tobias, Luncheon; Mrs. D. C. Ambrose, Navy Relief; Mrs. T. C. Mason, Publicity; Mrs. G. R. Kinnear, Constitution and By-laws; and Mrs. W. E. Scott, Jango.

The first luncheon of the season of the Navy Supply Corps Officers' Wives' Club will be held Tuesday, 13 Sept. at 1:00 p.m. at the Army-Navy Country Club and Mrs. Arnold, President, and the entire Executive Committee extend a warm welcome to the members and particularly to the wives of Supply Officers who have recently been ordered to the Washington Area to attend the luncheon and avail themselves of resuming old acquaintances, meeting new friends, and discovering the excitement and personal inspiration of viewing a fashion show of fall accessories by one of Washington's leading stores.

Further details concerning the luncheon will be announced soon.

### Maj. & Mrs. Murley in California—

Maj. Myron H. Murley, USA, XVIII Airborne Corps, Ft. Bragg, N. C., Mrs. Murley, daughter Pamela Ann, and infant son, Myron H. Murley, III, flew to San Francisco, Calif., to spend August with Mrs. Murley's parents, Capt. Harold H. Sweetser, USAF-Ret., and Mrs. Sweetser.

Vacationing also with the family is the Rev. Carleton J. Sweetser, S.T.B., a son, lately of Bishop, Calif., who is on his way to New York City, where he will serve as an Episcopal chaplain at the City & County Bellevue hospital for the next two years.

Among those who entertained at dinner in honor of the visitors was Miss Cornelia Van Ness Cress, daughter of the late Brig. Gen. Geo. O. Cress, and Mrs. Cress, of Mills College Campus. The visitors and their parents are spending the last two weeks of August at Toyon Lodge, Saratoga, Calif.

## Armed Forces Hostess Association Eases Way for Newcomers to D.C. Area

"Information and Service"—that's the motto of some 700 service wives who form the Armed Forces Hostess Association in the Pentagon.

Founded six years ago by Mrs. F. P. Campbell, an Army wife who felt that new arrivals in the confusing maze of Washington needed a source of aid, the all-service organization is now sparked by Mrs. Wayne Hunter, recently elected President.

The Association is sponsored by the Military District of Washington, with Mrs. John W. Stokes, Jr., as Honorary President.

A small volunteer staff, with an office in Room 1B879 of the MDW Service Center area, is at the service of military men and their families five days a week from 9 until 4. Staff members, who take a two-day intensive training course and work one day every two weeks, readily answer questions by telephone and letter on everything from baby-sitters to the electrical cycle in Zanzibar.

**HUNDREDS OF OTHER WIVES** generously donate their services in making personal calls upon newly-arrived service neighbors with an offer to assist and advise.

The Armed Forces Hostess Association has no financial backing, no dues, and no drives for funds. Correspondence is answered through self-addressed stamped envelopes enclosed with queries; personal services of the group are accomplished through energy, ingenuity, and a large amount of cooperation from officialdom.

The organization may be reached at Liberty 5-6700, extension 73180.

The Armed Forces Hostess Association would not exist but for its 600 volunteer "Neighborhood Hostesses" who carry out its basic purpose of being friendly and helpful to the service family newly arrived in Washington. Wives of Army, Air Force, Navy, Marine, and Coast Guard personnel, they appreciate the problems which a stranger may face and are eager to be of assistance.

**METHODS OF WELCOMING** the newcomer are thorough and efficiently designed to reach him as soon as possible after arrival. As soon as the staff learns an incoming officer has signed in at his office for permanent duty, he is telephoned for home address of his family. The Pentagon workers then select and notify the Neighborhood Hostess living nearest to the new family.

The Neighborhood Hostess arranges within a few days to pay an informal call on Mrs. Newcomer—she sometimes arrives in time to see the last barrel unpacked and sometimes just when the newcomer is wondering where the nearest school is and how she will get the children enrolled. Whether for a simple chat over a cup of coffee or for the solving of a major local problem, she is available

bearer, Mr. Robert Evans of Arlington served as best man. Ushers were Messrs. George Richardson, James Hollis, William Dalton and Ronald Jeffries.

Mr. and Mrs. Edwards are honeymooning in Virginia and plan to reside in Arlington.

as a friend. She also tells Mrs. Newcomer that the Association's office stands by with its information files for future help on a vast majority of subjects.

The Armed Forces Hostess Association last year welcomed almost 5000 new arrivals to the area.

**THE PENTAGON OFFICE** of the Armed Forces Hostess Association is in Room 1B879 and is staffed by 35 volunteer workers. These wives, representing all services, answer telephoned and written queries and maintain their all-embracing information files.

One section of the files, which are available to all servicemen and their dependents, is devoted to local information. Therein can be found lists of personally recommended babysitters, doctors and dentists, furniture repair shops, women's organizations, specialty shops, and almost any answer which might be useful to family life in Washington.

Other information is available, covering Schools for both children and adults, Camps, Travel, and various U. S. stations.

In addition to helping incoming people, the Hostess Association boasts a most comprehensive unclassified source of information on aspects of family life overseas.

These files of personal letters, official brochures, and clippings on foreign posts, bases, and stations have recently been supplemented by an up-to-date list of persons recently returned to the United States who are willing to discuss prospective stations with outgoing personnel.

Several parties are held by the organization each year. In 1954 Mrs. Dwight D. Eisenhower was honored guest at the birthday luncheon, and Mrs. Charles Wilson assisted in the sixth anniversary celebration this year. Other parties are less formal and are given at intervals so that newcomers and volunteer workers may get acquainted. The social side is a pleasant adjunct to the serious side of the Armed Forces Hostess Association, which is friendship and service.

**OFFICERS** of the Armed Forces Hostess Association are Mrs. Wayne Hunter, President; Mrs. L. B. McDonald, Vice President; Mrs. Roy McCutchen, Secretary-Treasurer; Mrs. C. M. Brooks, Jr., Corresponding Secretary; and Mrs. H. D. Kight, Office Manager.

### Cdr. & Mrs. Lenz to West Coast

■ **ANNAPOLIS, MD.** Cdr. and Mrs. Clifford A. Lenz and their family left Tuesday for the west coast. Mrs. Lenz and the children expect to reside in San Diego while Commander Lenz has sea duty.

Miss Peggy Dortch, daughter of Mrs. Isaac Foote Dortch of Prince George St., and the late Captain Dortch, USN, left last week to spend several weeks at Cape Cod.

VAdm. and Mrs. Leslie C. Stevens have returned to their home on King George St., after a trip through New England. They stopped over in New York for a few days with their son, Mr. Leslie C. Stevens.

### Elmendorf Hospital To Be Dedicated 4 Sept.

The Air Force Medical Service will dedicate its recently completed, ultra-modern hospital at Elmendorf AFB, Anchorage, Alaska, on 4 Sept. Principal speaker will be Maj. Gen. Dan C. Ogle, Surgeon General of the Air Force.

Brig. Gen. Earl Maxwell, Surgeon, Hqs., Alaskan Air Command, says that Dr. Frank Berry, Assistant Secretary of Defense, members of his medical staff, the Surgeon General of the Army and the Surgeon General of the Navy, will attend.

The hospital is built in three separate sections or wings, the highest being eight stories. It has 1,000 rooms.

Manager, Thrift Shop. The money will go to buy playground equipment for housing area.

## Notes from Posts, Stations, and Bases

### Club Group Turns Children's Ward Into Wonderland

■ **FT. RILEY, KANS.** Almost as if a magic wand had touched upon it, the Children's Ward of the Ft. Riley Hospital has been transformed into a Wonderland for its young patients.

The "good fairies" are members of the Ft. Riley Woman's Club Hospital Committee. They are Mrs. Paul G. Miller, Chairman, Mrs. George K. Moody, Mrs. David G. Sherrard, Mrs. Parker Conner and Mrs. Samuel H. Wrightson.

The Committee has put a great deal of time and effort into this project which will

do much to make the long days of sick boys and girls at the hospital seem brighter. In this redecorated ward, with its circus patterned curtains, brightly colored mobiles and cute wall paintings, it will be hard for any child to stay ill long.

The paintings on the walls, which include all sorts of circus animals, clowns and the Big Top, were done by SP-2 Bill Thrasher and Pvt. John Seaborg.

Future project of the group will be to obtain toys suitable for the youngsters.

### Benning Wives Busy

■ **FT. BENNING, GA.** Mrs. Claude M. Howard, wife of Colonel Howard, newly named director of The Infantry School's Department of Non-Resident Instruction, was welcomed to the post by the ladies of the department at a coffee recently.

The event was given by Mrs. John D. Coney, Mrs. Leslie W. Bailey and Mrs. George R. Beer at the home of Mrs. Coney. Summer roses, arranged by Mrs. Walton B. McMullen, centered the serving table, which featured heirloom silver and cutglass belonging to Mrs. Bailey, Mrs. Beer and Mrs. Fred Mitchell.

Mrs. Jonathan E. Adams, wife of Lt. Col. Adams, newly appointed assistant ROTC adviser for the department, was also welcomed to the group.

Mrs. Orville ZB. Tyler, wife of Colonel Tyler, new director of the Infantry School's Staff Department, was honored at a tea given by wives of officers of the department.

Mrs. Tyler was presented with an orchid corsage. Hostesses were Mrs. Robert H. Douglas, Mrs. Melvin C. Brown, Mrs. Robert J. McBride, Mrs. Alden P. Shipley and Mrs. James L. Low. Honor guests in addition to Mrs. Tyler included Mrs. Joseph R. Harper, Mrs. Ernest A. Barlow and Mrs. Robert L. Cook.

Wives of the officers of The Infantry School's Automotive Department were entertained with a bridge and canasta party by Mrs. Charles O. Henry at her home on Calvin Avenue.

Bridge prizes were won by Mrs. E. A. Early, the mother of Mrs. Robert E. Holman; Mrs. William Ballou and Mrs. Charles Maffett. Winners of canasta prizes were Mrs. Max Munkberg and Mrs. Witner Milner, guest of Mrs. Henry.

A coffee was held recently by wives of officers of The Infantry School's Tactical Department. Hostesses were Mrs. William H. Applegate, Mrs. Homer A. Wright, Mrs. George C. Horton, Mrs. Glen H. LaPine and Mrs. Robert G. Stonecipher, representing Sub Committee No. 1 of the department's Platoon Committee. Mrs. William H. Billings and Mrs. Roland M. Glaszer poured.

Infantry School Detachment officers' wives were entertained at a luncheon recently. Hostesses were Mrs. Robert W. Burch and Mrs. Richard M. Kinney.

Introduced as new members were Mrs. David A. Bear and Mrs. Thomas L. Taylor. Farewells were bade to Mrs. Alfred J. Lozar and Mrs. Ronald R. McMasters, who were attending for the last time.

### USARPAC Helps Civilian Hospital

■ **SCHOFIELD BARRACKS, T. H.** Maj. Gen. Herbert B. Powell, USA, Commanding General of the 25th (Tropic Lightning) Infantry Division, has presented a check for \$5,000 to the Wahiawa General Hospital Fund on behalf of the U. S. Army Pacific Contributions Fund.

General Powell in a letter to Lt. Gen. Bruce C. Clarke, Commanding General, USARPAC, recommending that the money be presented to the Hospital Fund stated, "Numerous families of men stationed at Schofield Barracks live in Wahiawa. . . . The Wahiawa Hospital offers practical and immediate advantages to service personnel and their fami-

lies by providing treatment and care in emergency situations. Many personnel at Schofield have already given their support to the project in the form of individual donations and attendance at benefit programs."

Mrs. Hulsey

### Heads ACC Club

**ARMY CHEMICAL CENTER, MD.**—The Officers Wives Club at the Army Chemical Center has elected Mrs. David D. Hulsey president of the organization. Others elected with her are Mrs. John A. Bacon, Jr., first vice president; Mrs. Donald H. Hale, second vice president; Mrs. John A. Miles, treasurer; and Mrs. Bruce Hildebrand, secretary.

### Naval Wives Meet

■ **SAN JOSE, CALIF.** The Naval Officers' Wives Club met 17 Aug. at the Commissioned Officers Mess at Treasure Island.

Each member entered into the theme of the day by coming as their "suppressed desire."

This meeting was sponsored by the wives of retired naval officers, Mrs. W. H. Lloyd was chairman.

### Entertain PM Officers

■ **HEIDELBERG.** Brig. Gen. Jeremiah P. Holland, USAREUR Provost Marshal, entertained the Provost Marshal Division officers and their wives at a buffet dinner at the Macogen Club in Heidelberg.

The party was in honor of Col. and Mrs. William L. Campbell and Lt. Col. John B. Manley, all of whom are returning to the U. S.

Other honored guests were Col. and Mrs. John B. Howell, who were being welcomed to the Provost Marshal Division.

### Welcome Mrs. Angster

■ **TOBYHANNA SIGNAL DEPOT, PA.** The Officers' Wives Club recently held a morning coffee honoring Mrs. Robert C. Angster, wife of the new commanding officer of the depot.

Other newcomers welcomed to the club were: Mrs. Vincent W. Fox, Mrs. John C. Woodburn, Mrs. Paul S. Balas, and Mrs. Walter W. Wright.

### Harvest Queen

■ **SCOTT AFB, ILL.** Miss Penny Johnson, daughter of Col. and Mrs. Robert D. Johnson, is St. Clair County's new Harvest Queen. Representing the Mascoutah High School, she competed with young ladies from five other county schools.

The coronation, over which Mayor H. V. Calhoun of Belleville presided, took place at

## McPherson Club President Plans '55-'56 Program

■ **FT. McPHERSON, GA.** Although the Women's Club has adjourned meetings for the Summer, Mrs. Lucille Dial, who took over the presidency in May, has already convened with her committees and completed plans for the entire 1955-56 season. The first event of the season will be a Welcome Coffee for the new Third Army Commanding General's wife, Mrs. Thomas F. Hickey, and other newcomers.

"Our first step in organizing the year's activities," Mrs. Dial recalls "was to distribute an Activity Interest Questionnaire. Members were asked to indicate their interests in the activities listed and from this information club officers are planning an enjoyable Fall and Winter season."

Activities offered this year in Arts and Crafts (with the help of Smith Hughes Vocational School) are sewing, upholstery, flower arrangement, slip covers, draperies, lamp shades, leather craft, ceramics, hooked rugs, paper-mache, millinery, oil and water color painting, Pennsylvania Dutch Tole painting, knitting and cooking. The Study Group category is made up of book reviews, play reading, dramatics, foreign language classes, bridge and gardening. Under Community Projects are the Haven Home at Chastain Memorial Park, Red Cross Bandage group, Gray Ladies, Nurses Aides, Youth Center, Girl and Boy Scout activities.

Mrs. Dial says that most of the 250 Club members are continuing their community project work throughout the summer.

Mrs. Dial and her program chairman, Mrs. R. H. del Mar have scheduled a varied and unique series of programs for meetings throughout the coming year. At the opening meeting 4 Oct. members themselves will be the performers at the Officers' Club. They will present comedy impersonations of "Seeing ourselves as others see us" engaging in various Woman's Club projects.

An authority on the cooking and serving of wines with meals is scheduled for the November meeting and in December a "Holiday Tea" has been planned for the aged residents of Haven Home with entertainment by the Third Army Band and Chorus.

No formal meeting is on the agenda for

the conclusion of Farmers' Day at the St. Clair County Fair. Next month, Miss Johnson will go to East Moline, Ill., where she will participate in the Miss Illinois Fruit Queen of 1955 competition.

Youngest of all contestants, Miss Johnson graduated with honors last June from the Mascoutah High School. She was secretary of her senior class, associate editor of the school paper, a member of the girls' chorus, and assisted in the school office during one period each day.

Miss Johnson plans to enter Missouri University this Fall and after graduation will enter the nursing profession. Her father is the base dental surgeon, and her only brother, Dr. Edward M. Johnson, a physician, is with the Army in Augusta, Ga.

### Husbands Are Guests

■ **FT. KNOX, KY.** The Rod and Gun Club here took on an air of an old fashioned social when the Ladies of the NCO Auxiliary invited their husbands for cocktails and a boxed chicken supper on 10 Aug.

The group of sixty were welcomed by hostesses Mrs. John Churchill, Mrs. David Brumfield, Mrs. Theodore Luck and Mrs. Richard Natzke.

Serving on the dinner committee were Mrs. Frank Husvar, Mrs. Edward Paugh, Mrs. Russell Phillips, Mrs. Clifford Rutter, Mrs. Gladys Callendar and Mrs. Roland Hatfield. The ladies had arranged bouquets of garden flowers on each table.

Out-of-town guests at the party were Mrs. Mary King, mother of Mrs. Frank Husvar, and Mrs. Clyde Hunt, mother of Mrs. Samuel Hines.

**LAFAYETTE, IND.**—Midsn. Richard J. Matuska (left) of Marion, Ind., (Navy ROTC), and Cadet William W. Brant, Fowler, Ind., (USAF ROTC), students at Purdue University, who received the American Legion Auxiliary Medal for demonstrating outstanding scholastic ability, military leadership, and cooperation through participation in campus activities.

FT. McPHERSON, GA.—Japanese painting is the hobby of Mrs. R. J. Dial (right), new president of the Woman's Club. Both she and Mrs. F. J. Marchese (left) came to Ft. McPherson from Japan, where their husbands were stationed.

January, but in February a Southern Ballet troupe is being programmed. A Spring Fashion Show and election of officers have been planned for March and in April Women's Club members will present an international Hobby Show with exhibitions of their own unique hobbies which many of them learned in all parts of the world.

A musical show and installation of new officers are set up for the final meeting in May. Mrs. Dial says that "of course with such long-range planning some of the programs may be altered—but we hope not."

Other officers of the Woman's Club are Mrs. B. J. Tourville, vice president; Mrs. J. P. Healey, Jr., recording secretary; Mrs. F. W. Moseley, corresponding secretary, and Mrs. H. W. Webb, treasurer.

### Youth Activities

■ **ROCHFORD, FRANCE.** In order to plan, coordinate and supervise youth activities, the Rochford installation recently appointed an AYAC Council, it has been announced by Col. Charles B. Claypool, CO, 11th Transportation Terminal Command "B."

Maj. Freeman J. Austill has been appointed chairman of the council. Other members include Chaplain (Maj.) Robert Saunders, Boy Scout representative; Capt. Charles Eade, Girl Scout chairman; Mrs. William Fraser, PTA chairman; Mrs. Grace Coins, President of the EM's Wives Club; and Capt. Jasper Ray.

### Tankers' Wives Meet

■ **FT. KNOX, KY.** Wives of officers of the 894th Tank Battalion, School Troops, met at Godman Pool here for their regular monthly get-together.

Going-away gifts were presented to Mrs. David Waltz and Mrs. Ralph E. Hoppe, who are leaving this month. A baby gift was given to Mrs. Anthony Constantino.

Ladies present were Mesdames Herman Goldman, Rice Trolan, Charles Myers, William Savage, Arthur Knipp, James Rapkock, Henry Moody, Joseph Blazina, Thomas Zimmerman, William Finlay, Robert Ott, Hoppe, Waltz and Constantino.

Hostesses were Mrs. Blazina and Mrs. Moody.

### Farewell Party for Lt. Col. Head

■ **ARDC, BALTIMORE, MD.** A farewell party was held for Lt. Col. Charles W. Head, Jr. in the Green Room at the Marling House recently. Colonel Head, who is the Chief of Personnel Research Section of the Human Factors Division in ARDC Headquarters, is leaving for Mather AFB, Calif., to attend the Senior Observer Technical Specialist Course.

Colonel Head, his wife, Helen, and their children, Charles, III, Nancy Elizabeth, Denise Ann, and Mary Kathleen, live at 424 Schley Rd., Annapolis. Mrs. Head is the former treasurer of the ARDC Women's Club.

### Asst. PMS&T, Arizona State

■ **TEMPE, ARIZ.** Maj. Eugene L. Zechmeister (Mds) has been made Assistant Professor of Air Science, Arizona State College. In addition to the duties as an Assistant Professor, he will be Executive Officer to AFROTC Detachment Nr. 25 and Senior AFROTC Coordinator.

Most of his 13 years Air Force career has been in the field of Intelligence, and for the past two years he was Director of Intelligence, 25th Air Division (Def) McChord AFB, Wash.

# Navy Picks 529 Capts.; Passovers Mount; Board Plunges 1,418 Nos. For A-Sub CO

Navy passovers to the rank of captain climbed to a new six-year high as the fiscal year '56 selection board dipped deeper into the junior commander's ranks than ever before in Naval history.

The board plunged 1,418 names below the zone to select Cdr. Eugene P. Wilkinson, USN, Commanding Officer of the USS Nautilus, the world's first atomic powered submarine, for four-stripe rank. The board passed over about 24 per cent of those in the zone. Last year's passover rate was approximately 21 per cent.

Also picked from the ranks of junior officers far below the zone was Presidential Aide Cdr. Edward L. Beach, USN, who stands 482 numbers below the zone anchor man.

In all, 27 of the 518 Regular Line officers named by the promotion board were chosen from below the zone—the largest number picked since the passage of the Officer Promotion Act.

Among the other officers named for captain's rank from beneath the promotion zone is Cdr. Stanley W. Vejtasa, USN, winner of three Navy Crosses and five other awards. He is 723 slots under the zone's junior commander.

This year's board, headed by RAdm. R. H. Hillenkoetter, USN, Commandant of the Third Naval District, picked a total of 529 commanders for four-stripe rank. Of this number, 420 are unrestricted line officers and 109 are in the restricted line.

Included in the 529 total are 11 active duty Reservists. All but two of the Reserve officers are in the restricted line. Five are Engineering Duty Officers, two Aeronautical Engineering Duty Officers, and two Special Duty Officers specializing in Naval intelligence.

From a zone of 615 commanders, the board selected 479, passing over 147 for the first time.

In addition to the record-breaking number gleaned from below the zone, the board picked 22 Regular officers and one Reservist from above the zone. About 50 were passed over for the second time.

Among the 418 Regular Line officers named to don four stripes are 174 Naval Aviators, 82 qualified to command submarines and seven qualified to serve aboard subs.

Seven Naval Aviators were chosen from above the zone and three from below the zone. Only one of the officers schooled in submarine command was picked from above the zone; 12 were named from below the zone.

More than half (57) of the 110 Regular restricted officers selected for captain's rank are in the engineering duty category. Four of the EDO's specialize in ordnance engineering.

One of the 23 Aeronautical Engineering Duty Officers named for promotion specializes in aerological engineering.

Of the 30 Special Duty Officers chosen for four stripes, 12 specialize in law, 10 in communications, five in Naval intelligence, and three in public information.

Most of the officers selected from within the zone were first commissioned in 1937; some were commissioned earlier and some in 1938. Those selected from below the zone include 17 who were first commissioned in 1938, one in 1935, eight in 1939, and one (Commander Wilkinson) in 1940.

About 100 commanders will be advanced to captain's rank almost immediately and will have effective dates of rank from 1 July. All officers on the lineal list through Cdr. Robert B. Erly, USN, have been ordered to take physicals to qualify them for four-stripe rank. The second group to be promoted extends through Cdr. William R. Crutcher, USN; this group will report for medical examinations during December. The remaining commanders take physicals in April 1956.

Here's a lineal list of the selected officers (names preceded by an asterisk indicate Reservists):

## Down Hill Trend For Capt. Promotions

A steady down-hill trend has been taking place in the number of Line commanders selected each year for captain from within Navy promotion zones. For the past six years the percentage of zone selections has dropped annually.

This year 76 per cent were named from the zone; in fiscal '55, 79.5 per cent; in fiscal '54, 80 per cent; in fiscal '53, 83 per cent; in fiscal '52, 84 per cent, and in fiscal '51, 89 per cent.

By law, the Navy is permitted to select up to five per cent from below the zone. This year's board named more than five per cent of those selected, but the Navy said the limitation applies to the "number authorized to be selected," and that the board didn't select the total number of officers which it was authorized to name.

## Name Esther Campbell Recording Secretary

The Board of Directors of the Armed Forces Management Association has announced the appointment of their top administrative officer in the Secretariat, Mrs. Esther V. Campbell, to be Recording Secretary and Historian of the Association.

Mrs. Campbell is an administrative officer in the Real Estate Division of the Assistant Chief of Staff for Installations, Headquarters US Air Force. It is this Division which is responsible for the administration and management of the world-wide Air Force real estate program.

The Board also announced that Mr. Carl Freedman has been re-appointed to the position of Treasurer and Chairman of the Finance Committee. He is a management engineer to the Management Division, Office of the Comptroller of the Army.

## "Right Down The Line" Discusses Leadership

"Right Down the Line," a book about leadership by Charles A. Pearce, has been published by Arrowhead Books, a subsidiary of Duell, Sloan and Pearce. It retails for \$2.50.

This book is somewhat of a new approach to the old subject of leadership. It is designed to give a graphic analysis of basic factors of leadership and to show certain techniques for the development or improvement of leadership.

"Right Down the Line" was prepared with information, help and creative counsel provided by Coast Guard personnel, chiefly Capt. Allen Winbeck, Chief of the Training and Procurement Division, and LCDR. A. E. Carlson, Assistant Chief of the Public Information Division.

## Col. Hall Ft. Bliss Surgeon

Col. Augustus A. Hall, MC, USA, is the new Post Surgeon at Ft. Bliss. He assumed his duties 9 Aug., succeeding Col. Walter H. Stevenson, who has been reassigned to Europe. Colonel Hall came to the post from Aberdeen Proving Ground, Md., where he had been commanding officer and post surgeon of the U. S. Army Hospital for three years.

## RETIRED SERVICE NOTES

### New Tax Law Means Millions For Retired

The tax credit recently authorized for retired military personnel under 65 years of age will mean savings of up to \$240 annually for thousands on the retired rolls.

The Government has estimated that \$6 million less will be paid into the public tax coffers annually as a result of the new law. This means that at least 25,000 individuals, and probably many more, are affected by the legislation.

Here is the way the new Public Law (PL 299) works:

With respect to "retirement income," retired Servicemen are allowed a credit against the tax which they must pay to the Government each year.

However, the term "retirement income" is limited to \$1200. And, the amount is reduced by any pension or

annuities received under Social Security or Railroad Retirement, and by any pensions or annuities which are otherwise excludable from gross income (VA pensions, for example).

Also, when the retired man or woman takes a civilian job, any amount over \$900 which he or she earns further reduces the \$1200 "retirement income" on which the tax credit is allowed.

If there are no other pensions or annuities which reduce the "retirement income," and if the individual is not employed, the full tax credit on \$1200 is allowed.

This credit is determined by multiplying the "retirement income" by the tax rate which normally applies to the first \$2,000 of taxable income (this is 20 per cent for the calendar year 1954). Thus,

20 per cent of \$1200 is \$240, which amount may be subtracted from the total tax due the Government.

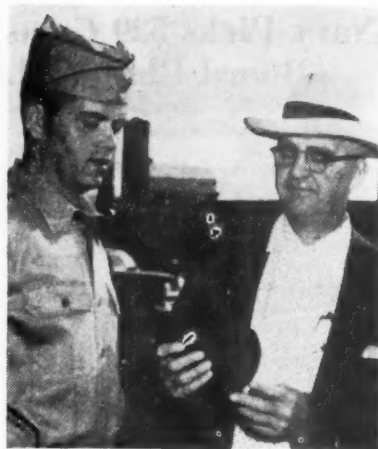

However, if the retired individual is employed, then the \$1200 is reduced, dollar for dollar, by any amount over \$900 which is received in wages. For example, if an individual earns \$1400 from a civilian job, \$500 (or the difference between \$900 and \$1400) is deducted from the retirement income of \$1200, leaving only \$700 on which the tax credit is allowed. This means that the tax credit would be only \$140, or 20 per cent of \$700.

If the individual is not employed but receives \$30 a month from Social Security, the retirement income of \$1200 would be reduced by \$360, leaving \$840 on which the tax credit (\$168) would be allowed.

In approving the legislation, the Congress made it retroactive only to 31 Dec., 1953, which means that the credit will be allowed this year but not for 1953.

An earlier law made the credit available to retired military personnel over 65. The new law makes it available to all retired personnel regardless of age.

The tax credit, however, together with any other credits to which the taxpayer may be entitled, cannot exceed the tax.

COL. SHERWOOD DIXON, USA-Ret., admires the award his son, Cadet Henry L. Dixon (left), won as best cadet of Co. B, Ft. Campbell (Ky.) ROTC Summer Camp. Cadet Dixon is an ROTC student at the University of Notre Dame.

### RETIRED ARMY GEN. WINS AFA AWARD

Brig. Gen. Thomas R. Phillips, USA-Ret., military analyst of the *St. Louis Post Dispatch*, won a Citation of Honor at the ninth annual convention of the Air Force Association in San Francisco last week.

General Phillips, commissioned a second lieutenant in 1917 and made a brigadier general in 1943, was honored for "distinguished newspaper articles on the expansion of the Soviet air arm and the requirements of the United States Air Force contributing to a better understanding of the needs of American air power."

In accepting the award, General Phillips recalled that twice during his military career, he sought approval for flying training, but was turned down. He commented that the AFA's award "means that I've finally been accepted by the Air Force."

### Activities

**CAPT. EDWARD M. OWEN, USN** (ret.), has been appointed manager of the Washington office of Rheem Manufacturing Co. Prior to joining Rheem, Captain Owen was assistant director of military relations for Northrop Aircraft.

**LT. COL. NOEL F. THARALSON, AGC**, recently separated from extended active duty at Vancouver Barracks, Wash., after over 41 years service of which the last 15 years was on active duty, has been appointed State Director, Civil Defense of North Dakota by Governor Norman Brundage to fill the vacancy caused by the resignation of Maj. Gen. Heber L. Edwards, Adjutant General of the State, who plans to devote his entire time to National Guard activities. Colonel and Mrs. Tharalson reside at 1158 No. 14th St., Bismarck, N. D.

**LT. GEN. LAURENCE C. CRAIGE, USAF** (ret.), the first military pilot to fly a jet-powered aircraft, is now vice president of Hydro-Aire, Inc., Burbank, Calif. He was Air Force Deputy Chief of Staff for Development in 1951.

**BRIG. GEN. WILLIS R. SLAUGHTER, USA** (Ret.), has been elected vice president of The W. L. Maxson Corp.

**MAJ. GEN. RALPH P. COUSINS, USAF** (ret.), has been reelected president of the Los Angeles Board of Airport Commissioners.

### They Leave Service

Brig. Gen. George A. Rehm, USA, assistant commander of the First Armored Division, Fort Hood, Tex., has announced his intentions of retiring on 30 Sept. 1955.

The First Armored Division's Support Command honored one officer and an enlisted man at a retirement ceremony on the Ft. Hood, Tex. parade ground recently.

Col. Glenn F. Rogers, commanding officer of Support Command, other unit officers, and the First Armored Division Band, directed by CWO John R. Parrott, were present along with all Support Command units.

Retiring after almost 20 years of active Army duty was Capt. Wallace L. Stephenson, assistant operations officer of Maintenance Battalion. Captain Stephenson was cited for "devoted service to his country, in peace and war."

Retirement of M/Sgt. Herman T. Murray was also announced. Sgt. Murray, a 20-year Army veteran, has been serving with the 47th Armored Medical Battalion as the non-commissioned officer-in-charge of Dispensary #5.

## VALLEY FORGE MILITARY ACADEMY

Valley Forge, hallowed shrine of American Freedom, has loaned its cherished name to this fully accredited, distinguished military academy and junior college.

In the historic Radnor foothills, the Academy keeps faith with their forefathers by training young men for responsible citizenship. Its classrooms educate them for entrance into all leading colleges. Senior R.O.T.C. prepares them for a commission in the armed services. The athletic program keeps bodies well, teaches fair play, and sportsmanship. A beautiful campus, with 52 Colonial brick and stone buildings, houses Infantry, Artillery, Cavalry and renowned Cadet band. On its 200 rolling acres young Americans prove the Academy's right to say: "From the embattled fields of Valley Forge went men who built America; from the training fields of Valley Forge go men who will preserve America." Box V, Wayne, Pa.

## INDUSTRY IN DEFENSE

REFITTED WITH A SINGLE SKI as part of the Convair-Navy hydrodynamic research program, an XF2Y-1 "Sea Dart" Navy jet fighter makes a high-speed taxi run on San Diego Bay. Single ski tests have been under way for several months. Other "Sea Darts" designed and built at the San Diego plant of Convair, a division of General Dynamics Corporation, are equipped with twin hydro-skis. Twin Westinghouse J-46 engines propel the delta wing "Sea Dart" at high subsonic speeds in level flight. It has exceeded the speed of sound.

### Electronic Reliability Subject Of Meeting

A two-day conference of designers, manufacturers, and users of military electronic equipment to disseminate ideas and techniques for raising operating reliability to new high levels was held this week by the Air Force and the Radio Corporation of America. It was announced by Theodore A. Smith, Vice President and General Manager, RCA Engineering Products Division.

The Joint Air Force-RCA Conference on Reliability, held in Philadelphia, included reports on advanced design and production methods, panel discussions, and a tour of RCA's Camden, N. J. manufacturing plant.

More than 300 high-level military officers, Government officials, and industry executives attended. Included were top-ranking officers of the Army, Navy, Air Force, Signal Corps, and Marine Corps; representatives of the Department of Defense. Participants included Maj. Gen. Thomas P. Gerrity, USAF, Assistant for Production Programming, Deputy Chief of Staff for Materiel, and Col. Gordon T. Gould, USAF, Air Research and Development Command.

### Link Builds Trainer For Martin Matador

The first simulator for guided missile crew training has been developed for the Air Force by Link Aviation, Inc., Birmingham, N. Y., and delivered to Patrick AFB, Fla.

The device is designed to train crews in guidance and control of the Martin Matador ground-to-ground tactical missile, and provides "on-the-job training" in missile guidance. Its function is to generate simulated radar signals which, in effect, take the place of those relayed from an actual missile.

Link's simulator is trailerized, and is used in conjunction with two Air Force trailerized units—a radar station and a missile controller's station. At any time during a training mission, the simulated radar signal can be eliminated and the two Air Force units can instantly switch over to tracking and controlling a real missile.

### Heads Military Sales

Appointment of Joseph Holland as sales manager of military products for AC Spark Plug Division of General Motors has been announced by Joseph A. Anderson, general manager.

Holland will direct military sales for both AC's Flint, Michigan and Milwaukee, Wisconsin plants. He succeeds John A. Goetz, who is being assigned other work at the Flint plant. Holland was formerly chief inspector and director of field service activities for the Milwaukee plant. He will retain his service work along with his new sales duties.

### Pa. RR Men Organize 756th Railway Shop Bn.

A new Army reserve railway unit, made up of shop employees of the Pennsylvania Railroad, has been activated in ceremonies at Pennsylvania Station—30th Street, Philadelphia, Pa.

Presiding was Col. John F. Fiske, senior unit advisor in Philadelphia. Commander of the new unit is Maj. W. O. Oren, a PRR foreman at the Altoona Works. The ten men who are initial members of the unit will join 250 other Pennsylvania employees already participating in reserve units sponsored by the railroad.

The new unit, the 756th Railway Shop Battalion, designed to erect, repair and maintain railroad cars and engines, will have as its members railroaders who do the same type of work. They will train in Army railroad techniques one night a week at various points on the Pennsylvania to prepare for a possible national emergency, in which event the unit would be called on to operate Army or occupied railroad shops.

### Small Business Contracts Total \$315-M in May

Defense contracts to small business concerns during the month of May totaled \$315-million.

The net contract awards for May were the largest for any month in the Fiscal Year which began 1 July 1954, and were above the average for the previous 10 months, the Department of Defense said.

FRANK H. HIGGINS (left), Assistant Secretary of the Army for Logistics, Research and Development, and Col. Calvin A. Heath, USA, commanding officer of the San Francisco Ordnance District in Oakland, Calif., inspected 155mm shell production at the Rheem Manufacturing Company's San Pablo plant. The Rheem plant is producing rocket heads, 81mm mortar shells and 155mm shells under terms of approximately \$12,000,000 worth of Army Ordnance contracts.

### Bendix to Build Million Dollar Research Lab

A million-dollar facility will be constructed in the Detroit area by the Bendix Aviation Corporation for its Research Laboratories division, Malcolm P. Ferguson, president of the company, has announced.

The new building, on which construction will begin immediately, will provide 85,000 square feet of floor space, fully air conditioned. It is expected the building, to be located on a 46-acre site, on the northwest outskirts of the city, will be ready for occupancy this time next year.

The Research Laboratories division is engaged in work in guided missiles, nuclear technology, machine-tool control, industrial instruments, computers, and applied physics.

### Marquardt Expands Its Metals Research

Marquardt Aircraft Company, Van Nuys, Calif. is expanding its ceramic and cermet research and development program in search of materials that can withstand the high temperatures of sustained supersonic flight.

Roy E. Marquardt, president, announced that the augmented high temperature research program will require special laboratory facilities which will include machines capable of producing temperatures from 2400-2600 degrees (F), higher than the melting point of the best high temperature alloys.

Marquardt's primary concern is to come up with materials that can withstand and endure service temperatures in the range of 1200-2400 degrees (F), the kind of heat encountered in the operation of supersonic ramjet engines.

## U. S. COAST GUARD

Secretary of The Treasury—George M. Humphrey  
Commandant—Vice Admiral Alfred C. Richmond

THE 1955 Board of Visitors to the U. S. Coast Guard Academy, headed by Rep. J. Vaughan Gary (D-Va.), has made four specific recommendations for improving living conditions at the New London Base.

If Congress adopts the Board's suggestions, the total cost will be \$1,470,000.

The major item asked for is a new extension on the dormitory to house the expanded Cadet Corps. It is pointed out that the cadets are now crowded three in a room and it is necessary to use a three-story WWII temporary barracks to accommodate the overflow. The new construction would cost \$1 million.

The second item requested is construction of a new mess-hall large enough to seat 560 cadets. The galley already has been completed, but it is necessary to use three connected mess halls to accommodate the cadets and officer candidates. This would cost \$270,000.

In addition, the Board recommends that an oil-burning boiler and tanks be installed to replace the present coal-burning plants. The Board states that the \$190,000 cost would be offset within five years by the saving in manpower and fuel.

At the same time, the report asks for \$10,000 to heat a field house to permit its use as a drill hall in winter weather.

#### Boys Visit Academy

More than 100 high school boys from throughout the nation have been welcomed aboard at the U. S. Coast Guard Academy, New London, Conn., by RADM. Raymond J. Mauerman, Academy Superintendent.

Admiral Mauerman said that the group, selected by units of the U. S. Coast Guard Auxiliary and League, are considered "potential cadet candidates," and the program planned in their behalf is to give the young men a preview of cadet and service life.

Each unit of the Auxiliary and the League which sent a representative to the Academy is paying all expenses of the selected boy.

tion zone, which extends in the 1 Jan. 1955 Register from LCdr. Irving M. Applebaum, Signal No. 8913, to LCdr. James F. Rumsey, Signal No. 9928, are temporary Regular officers who hold permanent rank as enlisted men, warrant officers and lieutenants. This group includes approximately 274 permanent enlisted or warrant ranks and 384 lieutenants and lieutenants (jg).

The board also will select Reserve officers. Anchor man in the Reserve promotion zone is LCdr. Ralph Hoffmeister, Register No. 38310 in the 1 April 1953 Reserve Register. Out of a total of 3,163 lieutenant commanders selected for promotion during the past three years, 563 have been active duty Reservists: 159 last year, 195 in '53 and 209 in '52.

A separate board also met on 9 August to name active duty Line WAVES for advancement to commander. Regular lieutenant commanders whose dates of rank are 1 July 1952 or earlier are being considered.

Included in the zone are 43 officers, extending from LCdr. Marie E. McDonnell, Signal No. 12165, to LCdr. Frances S. Mitchell, Signal No. 12210 in the 1 Jan. 1955 Register.

continued to improve, we would have to step up our own efforts."

The Chief of Staff revealed that the Air Force now has 124 wings—two more than previously reported in any official statement.

Although hailing improved prospects for peace as a result of the Big Four meeting at Geneva, General Twining warned that "the apparent easing of international tension could lull the nation into dangerous complacency . . . The progress we have made must not be confused with the strength we need."

In this connection, General Twining asserted that "we all know that a 137-wing Air Force is not a permanent solution to our air power needs."

The Chief of Staff told of accelerated aircraft production and a speed-up in the Air Force offensive and defensive timetable "in view of the technological and production achievements of the Soviets."

He said that conversion from B-36's to B-52's would be completed a full year ahead of the time that had been planned last year.

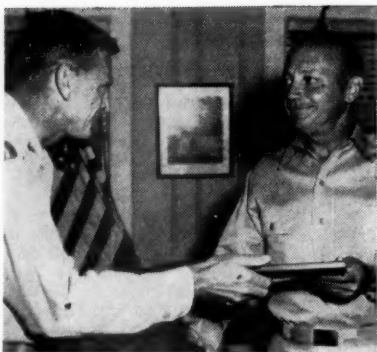

General Twining reported that production of the McDonnell F-101 Voodoo, which he called "a great airplane," will be speeded.

He said that deliveries of the Lockheed F-104 also will be increased. "This is a fighter pilot's dream," said General Twining. "We feel confident that it is the fastest, highest flying fighter in the air, anywhere."

## AFA Gives 13 Awards; AP Newsman Is Cited

SAN FRANCISCO, CALIF.

The Air Force Association took the occasion of its ninth annual Airpower Banquet on 13 Aug. to present 13 awards for distinguished service to airpower.

Top citation went to General Nathan F. Twining, USAF Chief of Staff, as "Aviation's Man of the Year."

Prominently honored by the AFA was Mr. Vern Haugland, aviation editor of the Associated Press and president of the ceived the Arts and Letters Trophy for Aviation Writers Association. He retypifying "the highest virtues of the working press in its task of interpreting

the air age to the American public."

Mr. Haugland, a WWII war correspondent in the Pacific, received the Silver Star from General of the Army Douglas MacArthur for his ordeal in the jungles of New Guinea after bailing out of a B-26 Marauder on 7 Aug. 1942. Mr. Haugland lives at 219 Holmes Run Road, Falls Church, Va.

AFA's General Hoyt S. Vandenberg Memorial Trophy was presented to Maj. Gen. Lucas V. Beau, USAF, National Commander of the Civil Air Patrol for "distinguished service to airpower in the field of air age education."

The AFA Science Trophy went to Dr. John von Neumann, member of the Atomic Energy Commission and Chairman of the Scientific Advisory Committee on the Air Force's intercontinental ballistic missile program. He was cited for his "distinguished service to airpower in the field of science." Dr. von Neumann has made major contributions in the field of automatic, high-speed digital computation.

In a joint award, the AFA Flight Trophy went to Maj. Stuart Childs and the late George Welch. Mr. Welch, a North American Aviation test pilot, was killed last October while flight-testing an F-100 Super Sabre. Major Childs is chief of the Fighter Test Branch of the Directorate of Flight Test and Development, ARDC, at Edwards AFB, Calif. He continued the testing of the F-100 after Mr. Welch's death.

The Earl T. Ricks Memorial Trophy was awarded to Lt. Col. James A. Poston of the Ohio Air National Guard. Colonel Poston won the Air Force Association-sponsored 1955 Earl T. Ricks Memorial Trophy event for Air National Guard jet pilots. He flew his Republic F-84 from Ontario, Calif., to Detroit, Mich., in the corrected time of two hours, 57 minutes, and 40 seconds.

The U. S. Junior Chamber of Commerce was awarded an AFA Citation of Honor "for distinguished public service in its nation-wide sponsorship of 'Project Top Flight' to mobilize community support toward a better understanding of the United States Air Force."

Other AFA Citations of Honor went to Brig. Gen. Thomas R. Phillips (USA-Ret.), military analyst of the *St. Louis Post-Dispatch*; California Air National Guard pilot 1st Lt. John M. Conroy; film star and Air Force veteran James Stewart; Jack L. Warner, Warner Brothers film studio executive; Paul Lavalle, leader of the Cities Service Band of America; and Capt. Edward G. Sperry, of ARDC, for his testing of a downward ejection seat.

## INTEGRATED ELECTRONICS

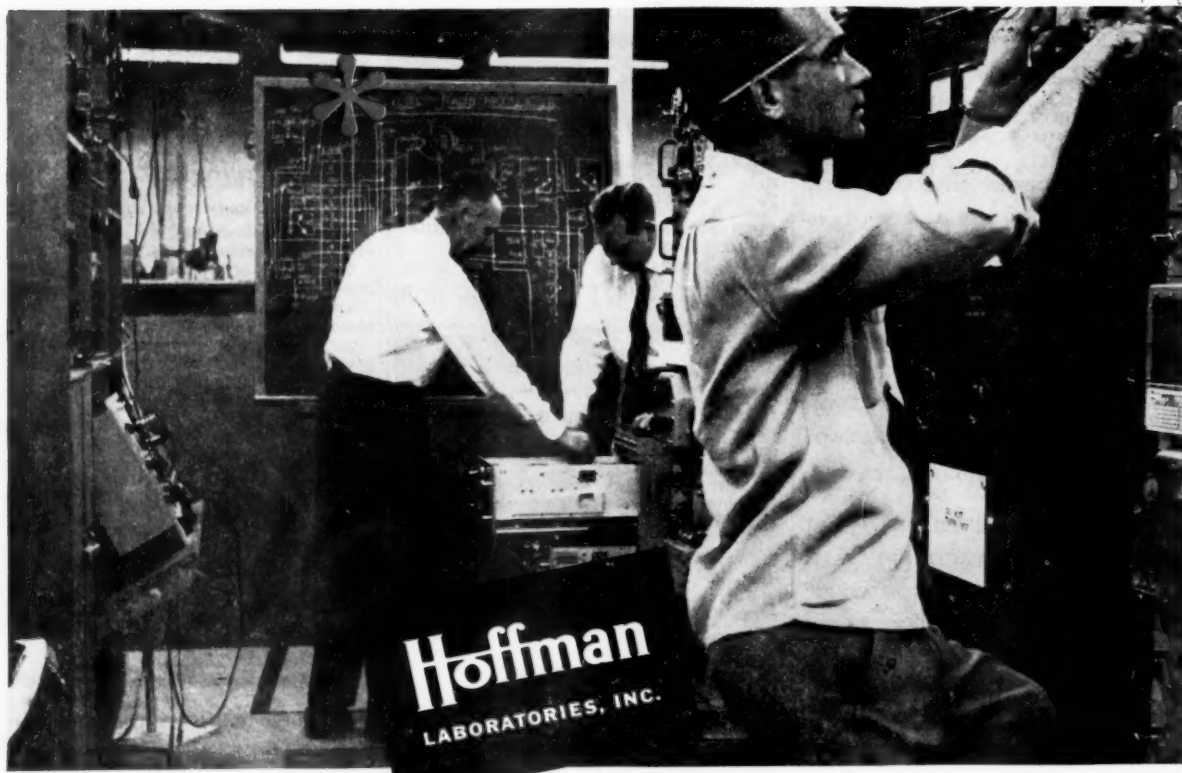

THE IMAGINATION FOR RESEARCH PLUS THE SKILLS FOR PRODUCTION

Hoffman Laboratories maintains a highly specialized group of engineers whose entire efforts are devoted to the complex problem of developing and producing specialized tactical test equipment for airborne navigation radar, fire control, missile guidance systems, and other advanced electronic gear. To meet the high standards of quality and reliability set by Hoffman Laboratories, this test equipment group is an integral part of the engineering staff.

For the past 13 years Hoffman Laboratories has been successfully solving advanced design and development problems in electronics.

During this time Hoffman Laboratories has never undertaken a development program that has not successfully gone into production.
